FIRE RAZED TWO BIG ATLANTIC CITY HOTELS

BOTHWELL AND SENATOR NOW SMOKING RUINS

500 GUESTS, MANY IN SCANTY ATTIRE, FLEE THROUGH SMOKY CORRIDORS

1 KILLED, SEVERAL INJURED, ENTIRE BOARDWALK WAS THREATENED

(By United Press)

Atlantic City, N. J., Nov. 18—Fire razed two big Atlantic City hotels where members of the National Grange were stopping, killed one man, ruined the front of the famous steel pier and threatened for a time to sweep the entire board walk before it was checked early today.

In the biting cold of early morning the city's entire fire fighting force, augmented by volunteer bucket brigades on the roofs, had saved the situation but only after $750,000 worth of damage had been caused and six persons overcome or injured.

The dead man is James Bennett, 80, New York City.

Seriously injured: Mrs. Mary Flick, South Frock, Pa.

Five hundred guests at the two hotels, many in scanty attire, fled to safety through smoke-filled corridors. So rapidly did the flames, which were discovered in the Bothwell shortly after 9 p. m., gain headway that by the time the firemen arrived some of the guests were trapped on upper stories and had to be taken down ladders. The hotels destroyed were the Bothwell and the Senator, on Virginia avenue adjoining the boardwalk. The loss here was $600,000, according to N. J. Collins, who operates them.

James Bennett was among those whose escape was cut off. He tried to climb out on a cornice and fell. Firemen climbed to where he lay helpless and carried him out in a blanket just as the flames licked their way up to his room. He succumbed in a hospital early today.

Mrs. Flick, scurrying down a corridor, tripped and fell down a flight of stairs when a dense cloud of smoke enveloped her. She broke both her legs.

Five firemen were taken to hospitals and treated for minor injuries.

CHARRED BODY OF WOMAN FOUND

Atlantic City, N. J., Nov. 18.—The charred body of a woman was taken from the still smouldering ruins of the Hotel Bothwell here today, bringing the death list in the $750,000 fire which destroyed two hotels and part of the steel pier last night to two.

The dead woman was not identified. Twelve persons, including Mrs. Mary Slick of South Fork, Pa., were burned or otherwise injured and were treated at hospitals.

MORE BACKBONE, LESS JAWBONE URGED BY PASTOR

St. Paul, Nov. 18—The solution for the evils that threaten the world is in the heart of the gospel which must be preached.

Rev. John W. Holland, pastor, First Methodist church, so stated in a sermon Sunday night in which he compared Protestantism to a river that after running noisily through a deep gorge emerges to a plain where it widens out and quiets.

"If a stream that runs deep thru a mountain gorge, when it reaches the plains spreads out thinly over a wider bed, no one can argue that there is less water because it is less noisy," he said.

"Protestantism is less noisy, but its stream is spreading out more widely into education, sane and sanitary living, a kingdom of understanding and helpfulness into all walks of life.

"The spiirt of the fathers with the ideas of the modern man, is our hope. If Christians will use their backbones more and their wishbone and jawbone less, the tide of paganism can be averted."

French Senate Votes Civil Rights to Caillaux

MARYLAND POLITICIAN HAD SKULL CRUSHED

Leonardtown, Md., Nov. 18.—The body of Joseph H. Ching, chairman of the Republican state central committee, was found in front of his home here today, his skull crushed apparently by blows from some heavy weapon.

Ching had been dead about an hour when the body was found. St. Mary's county authorities appealed to Washington for private detectives to assist in unravelling the mystery.

Ching was not robbed, and police so far have discovered no motive for the apparent crime.

WATERFRONT FIRE SWEEPS N. Y. HARBOR

PROPERTY DAMAGE ESTIMATED AS CLOSE TO $4,000,000

ONE MAN MISSING, 8 IN HOSPITALS, MANY OTHERS INJURED

(By United Press)

Linden, N. J., Nov. 18.—Firemen were working in the bitter cold clearing away the debris of the third great waterfront fire sweeping the New York harbor district in a week, causing property damage estimated at more than $4,000,000.

One man was missing, eight in hospitals and others suffering from minor injuries as a result of the latest blaze, which destroyed the Sinclair oil tanker William B. Thompson, a big barge and 87,000 gallons of gasoline with a loss of more than $700,000.

An explosion aboard the barge last night set fire to the gasoline aboard the tanker, which was anchored alongside. Flames, fanned by high winds, spread to the shore, reaching the tanks of the Sinclair company. The first tank in the path of the flames was destroyed with 8,000 gallons of gasoline but employees drained other tanks and checked further spread of the fire.

Fifty shipping board vessels near the blaze were in constant danger with sparks and burning embers constantly dropping on their decks and they were only saved after a hard fight.

The man missing was a carpenter at work on the tanker at the time of the explosion and there was some hope that he may have jumped overboard and reached shore in safety. Others aboard the tanker jumped into the icy water when the flames broke out and escaped to the pier and reached shore in safety.

AMERICAN LEGION SPONSERS PERSHING RETURN TO SERVICE

(By United Press)

Indianapolis, Ind., Nov. 18.—The American Legion national legislative committee will sponsor a bill in Congress to return John J. Pershing to active service in the army, John T. Taylor, chairman of the committee, said today. Taylor said the national committee feels that Pershing's knowledge and experience should be utilized by the army. The legion as yet has no cognizance of the boom for Pershing as secretary of war to succeed Secretary Weeks, Taylor declared.

FALL UNDER TRAIN MAY PROVE FATAL

(By United Press)

St. Paul, Nov. 18.—Charles A. Alexander, La Crosse, Wis., fell under a Burlington train en route to St. Paul early today and suffered injuries which may prove fatal. His left leg and arm were crushed. He was brought here on the train and taken to a hospital.

WIFE'S CHARRED REMAINS FOUND IN HOME FURNACE

HUSBAND, REV. SHEATSLEY, AND FOUR CHILDREN ARE QUESTIONED

CORONER OF COLUMBUS, OHIO, CLAIMS WOMAN CRAWLED INTO FURNACE

(By United Press)

Columbus, Ohio, Nov. 18.—Insisting that he is as much baffled by the mystery of his wife's death as are the police, Rev. C. V. Sheatsley, pastor of the Lutheran church in the fashionable Bexley residential section, was dismissed temporarily today after a severe grilling by County Prosecutor John R. King. The pastor went immediately to the mortuary where his wife's charred remains, which he discovered in the parsonage furnace, are being prepared for burial.

Columbus, O., Nov. 18. — Rev. Sheatsley and his four children, ranging from 10 to 20 years, were summoned to police headquarters for questioning and their stories of the finding of Mrs. Sheatsley's charred body in the parsonage furnace were all very much alike.

E. E. Brideweser, a student at Capitol University, where the pastor conducted a Bible class, told the prosecutor, however, that he had been unable to find anybody at home when he called at the parsonage Monday morning.

Sheatsley said that he and his wife were at home alone all Monday morning and that he left to make some calls at 1:30 p. m. and did not return until 4:30 p. m., when he noticed the odor of burning flesh. Going to the furnace, he saw his wife's remains smouldering on a bed of coals.

The quizz was recessed at 1 p. m. but county and city authorities would not say whether they were satisfied with what they had turned up.

Prosecutor King insisted that Mrs. Sheatsley was murdered and her body stuffed into the furnace in an attempt to cover up the murder.

Coroner Murphy, however, declared it a plain case of suicide, holding to the belief that Mrs. Sheatsley crawled into the furnace through the small opening and drew the door shut behind her.

TARIFF ON SUGAR PROBED

PRESIDENT COOLIDGE'S DECISION MAY BE ANNOUNCED SOON

(By United Press)

Washington, Nov. 18.—President Coolidge's decision on the tariff Commission's recommendations regarding the tariff on sugar may soon be in line for action, it was said at the White House today.

The report of the commission on the production of beet sugar in this country, which President Coolidge requested of the tariff commission to guide him in his decision, has been laid before the president, it was said.

WINONA TO ENTERTAIN DRY GOODS DEALERS

(By United Press)

Winona, Minn., Nov. 18.—Winona will entertain the 1925 spring meeting of the Minnesota Retail Dry Goods association in June. The association has several thousand members in Minnesota and holds two conventions each year. The Twin Cities usually are selected but the invitation of the merchants' bureau for the spring meeting here was accepted for next year. The Minnesota Historical society will also hold its 1925 meeting at Winona, June 17 and 18.

MRS. W. G. HARDING SURVIVES SERIOUS HEART ATTACK

Marion, O., Nov. 18.—Mrs. Warren G. Harding has survived another serious heart attack and now seems to be a little stronger, Dr. Carl W. Sawyer's 9 a. m. bulletin said today.

"Mrs. Harding's condition remains unchanged during the night," Dr. Sawyer said.

"Early today her pulse became very weak and respiration shallow. She has rallied from this and now seems to be a little stronger."

IBANEZ HAS LAUNCHED HIS OWN REVOLUTION

NOTED AUTHOR SEEKS TO FOMENT TROUBLE IN SPAIN

HIS AIM IS TO DRIVE KING ALFONSO FROM THE THRONE

(By United Press)

Paris, Nov. 18—Vincente Blasco Ibanez, noted author, today launched his campaign to foment a revolution in Spain and drive Alfonso from the throne.

Ibanez issued a pamphlet entitled "Alfonso XIII is Unmasked. Military Terror in Spain." In it the author of the "Four Horsemen of the Apocalypse" scathingly attacks his sovereign, charged the directory at present in control in Spain is a menace to the world, and calls for a plebiscite to determine whether Spain should continue a monarchy or become a republic.

$1,000,000 HOTEL ATOP THE UNION STATION

PLANS FOR SAME ARE BEING DISCUSSED IN ST. PAUL

GREAT NORTHERN PRESIDENT IN NEW YORK INVESTIGATING COSTS

(By United Press)

St. Paul, Nov. 18—Plans for a $1,000,000 hotel atop the new St. Paul Union depot are under discussion, it was revealed today.

Ralph Budd, president of the Great Northern railroad and of the Union Depot association, is in New York investigating the financial issues involved in such a deal.

The hotel would be financed by the St. Paul Union Depot Co., it was said.

Charles W. Gordon, chairman of the Greater St. Paul committee, tentatively endorsed the project and said that he was interested in its possibilities. Many hotels are found in conjunction with depots in England and Canada, Gordon said, declaring he could see no reason why it would not work out profitably here.

Woman, 75, Saved From Gas Death by Girl, 10

St. Paul, Nov. 18.—Miss Mary Thomas, 75, overcome by coal gas this morning, was saved from death by her grandniece, 10-year-old Dorothy Finnegan, 756 S. Wabasha st.

Dorothy was bringing Miss Thomas breakfast, and she found the aged woman unconscious in her room, 77 S. Wabasha st.

Aid was summoned and Miss Thomas was taken to the city hospital, where her condition is regarded as not serious.

MURDER MYSTERY IN NORTH COUNTRY PERPLEXING ONE

MRS. ELSIE WHEELER FOUND DEAD IN CABIN IN LAKE OF WOODS COUNTY

HOMESTEADERS WALK 160 MILES TO NOTIFY THE AUTHORITIES

(By United Press)

Warroad, Minn., Nov. 18.—Up in the northwest angle country, across Muskeg Bay of Lake of the Woods four men are tramping the wilderness trails today in an attempt to solve the mystery of the murder of a woman.

Mrs. Elsie Wheeler, 31, arrived in this country November 3 with her husband and two other men from Clearwater, Kans. They took up homesteads on the north side of the lake, where Minnesota territory juts up into the Canadian wilds.

Last Thursday night when the men returned from running their trap line they found Mrs. Wheeler dead in the cabin. Carl Hagen, homesteader with whom the Wheelers were stopping, and Thomas and Jake Coulson left at once for Warroad to notify authorities. They tramped 160 miles, part of the time through a snow storm, reaching here Sunday. County authorities at Baudette were notified. Sheriff Thomas Slind and Coroner John R. Norris of Lake of the Woods county came here and yesterday with the four men set out for the long journey back to the cabin in the angle to investigate the crime.

Mrs. Wheeler and her husband, Dean Wheeler, together with Jake and Robert Coulson left Clearwater, Kansas, three weeks ago in an automobile. They took up claims in the angle country. Mrs. Wheeler, according to relatives in Clearwater, carried more than $1,000 with her on the trip. She also owns a 40-acre farm just outside of Clearwater, according to her relatives, who believed she was murdered for her money.

The story told by Hagen and the Coulsons when they arrived here was that they had set out Wednesday to cover the trap line, leaving Mrs. Wheeler alone in the Hagen cabin. No one came upon her before the party returned.

NEW YORK FACES COLD DAY

TEMPERATURE AT 8 A. M. RECORDED 19 ABOVE ZERO

(By United Press)

New York, Nov. 18.—New York shivered to work again today on the coldest November 18 ever recorded by the Weather Bureau.

The temperature at 8 a. m. was 19 above zero, a record. The coldest previous weather on this date was 23 in 1891.

Ten persons were dead in the metropolitan area as the result of the cold wave which descended suddenly on the city Saturday.

APPEAL MADE TO PREVENT SCRAPPING OF BATTLESHIP

(By United Press)

Washington, Nov. 18.—Counsel for William B. Shearer, New York naval expert, appealed to the District of Columbia court of appeals here today to enjoin the Navy Department from destroying the almost completed battleship Washington.

Wilton J. Lambert, Shearer's attorney, asked the injunction on the grounds that the destruction is unnecessary waste of the taxpayers' money and a blow to the authorized strength of the navy.

A suit filed on the same grounds in the district supreme court last week was dismissed for lack of jurisdiction. Thereupon Shearer appealed to the court.

MORE GRAIN ALCOHOL FED TO MILL CITY SEWERS

Minneapolis, Nov. 18.—Federal agents, working far into the night, dumped 5,500 gallons of grain alcohol into Minneapolis sewers.

The shipment, an entire carload, was seized in the Minnesota Transfer railroad yards. It is believed to have come from Cuba via the Atlantic seaboard rum running fleet. Agents valued the seizure at $50,000, bootleggers' prices.

It was the second carload lot seized in two days. A shipment of 3,888 gallons was found in the same yards Sunday.

OPPOSE LABOR'S NONPARTISAN POLITICAL PLAN

POTTERS AND MOULDERS UNIONS HEARD AT FEDERATION OF LABOR

RESOLUTION RECITES HOW THEY BELIEVE ADVANCE CAN BE MADE

(By United Press)

El Paso, Texas, Nov. 18.—Opposition to organized labor's nonpartisan political policy developed in the convention of the American Federation of Labor here today with demands for exclusive labor presented by the Brotherhood of Operator Potters and the International Moulders Union.

The present nonpartisan policy of the organization is ineffective and the formation of a new party based upon the trades union movement is the only way that labor can protect its own political interests, the resolution says.

Any move toward formation of a labor party would meet with bitter opposition from President Samuel Gompers and his executive council, it was indicated, and there is little possibility of abandonment of the nonpartisan alignment.

William H. Johnstone, president of the machinists' union and a LaFollette supporter, has indicated that he will not support the third party move, declaring that the Federation should confine its activities to "economic matters."

Church Used Too Much by Reformers, McElveen Charges

St. Paul, Nov. 18.—"Some people want the church to be a jack-of-all-reforms," Rev. R. W. McElveen, Plymouth Congregational church, said Sunday.

"They think the church exists to supply the sinews of war for every new social movement. Many who thus ask for the aid of the church in furthering their schemes never aid the church in building up its strength," he continued.

"Not long since the bankers of St. Paul asked the pastors to observe "Thrift Sunday." Then the fire insurance folk asked that the following Sunday be designated as 'fire prevention Sunday.' Rumor has it that the St. Paul meat men in their recent convention seriously discussed asking the churches to observe an 'eat more lamb Sunday'."

14-YEAR-OLD GIRL WEDS MAN AGED 84

Seventy years difference in their ages didn't worry A. Cecil Campbell, 84, of Burlington, O., and Mattie Catherine Walling, 14, of Long Run, Ky., once they decided to get married. But the wedding hasn't taken place yet—and probably never will. They were arrested in a justice's office in Jefferson, Ind., where they had gone to have the ceremony performed.

AMNESTY IS ALSO GRANTED THE EX-PREMIER

FINAL CHAPTER OF THE FAMOUS CASE IS WRITTEN

NO POLITICAL PASSION REVEALED AS THE MEMORABLE VOTE IS RECORDED

(By United Press)

Paris, Nov. 18—With amazing absence of political passion, the French senate by raising its hands today voted article 2 of the amnesty bill, which carries amnesty and restoration of civil rights for Ex-Premier Joseph Caillaux.

Only about half the senators were present and the galleries occupied only by a handful of newspaper men as the final chapter of the famous case was written.

Fully two-thirds of those present today were members of the senate which condemned Caillaux to exile for his dealings with the enemy.

The French chamber previously had voted amnesty to the exiled statesman, so that today's action was a foregone conclusion and many senators voted by proxy.

After final approval by President Doumergue, Caillaux will be permitted to return to Paris and other large cities and fortress towns from which he is at present exiled.

Radicals already are talking of finding a place in the cabinet for Caillaux, who was recognized beyond a question as the most brilliant finance minister in the history of the French republic.

To the surprise of some of his political friends, ExPremier Poincare intervened for Ex-Premier Malvy, whose amnesty was granted by a vote of 195 to 62. His exile had already been ended and the senate's action made amnesty formal and complete.

Many of Malvy's political opponents joined Poincare in declaring they knew of no evidence of his being guilty. Like Caillacx, he was implicated in a charge of dealing with the enemy during the world war.

WIVES OF BANDITS PLEAD GUILTY TO USING NARCOTICS

St. Paul, Nov. 18.—Marvel Speakman, 26, wife of Claude Speakman, who recently was sentenced to Stillwater up to 40 years for the Crescent Creamery robbery, and Mrs. Esther Foster, 27, today pleaded guilty in district court to using narcotics.

Mrs. Foster's husband, Earl Foster, also is in Stillwater for robbery of a drug store at Fairmont in December, 1921.

Mrs. Speakman admitted she had used narcotics six months, since she has been in St. Paul, but said she is "off" morphine at present.

Mrs. Foster told Judge Bechhoefer she has two children aged 5 and 9 and that she has used narcotics three years.

The matter was referred to the probation officer for investigation.

DETERMINED MEN GUARD WASTE GATES OF AQUEDUCT

(By United Press)

Lone Pine, Calif., Nov. 18.—Through another night and into the third day a band of determined men stood guard beside the opened waste gates of the Los Angeles aqueduct, while a stream diverted from its artificial course flowed back toward the Ownes river.

Unrelenting in their struggle with Los Angeles, 200 miles to the south, in a dispute over the right to the waters of the river, the men who opened the flood gates of the aqueduct Sunday morning appeared firmer in their purpose today. A second call for state troops has been sent to Governor Friend W. Richardson by Sheriff Collins.

THE BRAINERD DAILY DISPATCH

Volume 24. Number 143. BRAINERD MINNESOTA, TUESDAY, NOVEMBER 18, 1924 Price Three Cents

FIRE RAZED TWO BIG ATLANTIC CITY HOTELS

BOTHWELL AND SENATOR NOW SMOKING RUINS

500 GUESTS, MANY IN SCANTY ATTIRE, FLEE THROUGH SMOKY CORRIDORS

1 KILLED, SEVERAL INJURED, ENTIRE BOARDWALK WAS THREATENED

(By United Press)

Atlantic City, N. J., Nov. 18—Fire razed two big Atlantic City hotels where members of the National Grange were stopping, killed one man, ruined the front of the famous steel pier and threatened for a time to sweep the entire board walk before it was checked early today.

In the biting cold of early morning the city's entire fire fighting force, augmented by volunteer bucket brigades on the roofs, had saved the situation but only after $750,000 worth of damage had been caused and six persons overcome or injured.

The dead man is James Bennett, 80, New York City.

Seriously injured: Mrs. Marv Flick, South Frock, Pa.

Five hundred guests at the two hotels, many in scanty attire, fled to safety through smoke-filled corridors. So rapidly did the flames, which were discovered in the Bothwell shortly after 9 p. m., gain headway that by the time the firemen arrived some of the guests were trapped on upper stories and had to be taken down ladders. The hotels destroyed were the Bothwell and the Senator, on Virginia avenue adjoining the boardwalk. The loss here was $600,000, according to N. J. Collins, who operates them.

James Bennett was among those whose escape was cut off. He tried to climb out on a cornice and fell. Firemen climbed to where he lay helpless and carried him out in a blanket just as the flames licked their way up to his room. He succumbed in a hospital early today.

Mrs. Flick, scurrying down a corridor, tripped and fell down a flight of stairs when a dense cloud of smoke enveloped her. She broke both her legs.

Five firemen were taken to hospitals and treated for minor injuries.

CHARRED BODY OF WOMAN FOUND

Atlantic City, N. J., Nov. 18.—The charred body of a woman was taken from the still smouldering ruins of the Hotel Bothwell here today, bringing the death list in the $750,000 fire which destroyed two hotels and part of the steel pier last night to two.

The dead woman was not identified. Twelve persons, including Mrs. Mary Slick of South Fork, Pa., were burned or otherwise injured and were treated at hospitals.

MORE BACKBONE, LESS JAWBONE URGED BY PASTOR

St. Paul, Nov. 18—The solution for the evils that threaten the world is in the heart of the gospel which must be preached.

Rev. John W. Holland, pastor, First Methodist church, so stated in a sermon Sunday night in which he compared Protestantism to a river that after running noisily through a deep gorge emerges to a plain where it widens out and quiets.

"If a stream that runs deep thru a mountain gorge, when it reaches the plains spreads out thinly over a wider bed, no one can argue that there is less water because it is less noisy," he said.

"Protestantism is less noisy, but its stream is spreading out more widely into education, sane and sanitary living, a kingdom of understanding and helpfulness into all walks of life.

"The spiirt of the fathers with the ideas of the modern man, is our hope. If Christians will use their backbones more and their wishbone and jawbone less, the tide of paganism can be averted."

French Senate Votes Civil Rights to Caillaux

MARYLAND POLITICIAN HAD SKULL CRUSHED

Leonardtown, Md., Nov. 18.—The body of Joseph H. Ching, chairman of the Republican state central committee, was found in front of his home here today, his skull crushed apparently by blows from some heavy weapon.

Ching had been dead about an hour when the body was found. St. Mary's county authorities appealed to Washington for private detectives to assist in unravelling the mystery.

Ching was not robbed, and police so far have discovered no motive for the apparent crime.

WATERFRONT FIRE SWEEPS N. Y. HARBOR

PROPERTY DAMAGE ESTIMATED AS CLOSE TO $4,000,000

ONE MAN MISSING, 8 IN HOSPITALS, MANY OTHERS INJURED

(By United Press)

Linden, N. J., Nov. 18.—Firemen were working in the bitter cold clearing away the debris of the third great waterfront fire sweeping the New York harbor district in a week, causing property damage estimated at more than $4,000,000.

One man was missing, eight in hospitals and others suffering from minor injuries as a result of the latest blaze, which destroyed the Sinclair oil tanker William B. Thompson, a big barge and 87,000 gallons of gasoline with a loss of more than $700,000.

An explosion aboard the barge last night set fire to the gasoline aboard the tanker, which was anchored alongside. Flames, fanned by high winds, spread to the shore, reaching the tanks of the Sinclair company. The first tank in the path of the flames was destroyed with 8,000 gallons of gasoline but employees drained other tanks and checked further spread of the fire.

Fifty shipping board vessels near the blaze were in constant danger with sparks and burning embers constantly dropping on their decks and they were only saved after a hard fight.

The man missing was a carpenter at work on the tanker at the time of the explosion and there was some hope that he may have jumped overboard and reachet shore in safety. Others aboard the tanker jumped into the icy water when the flames broke out and escaped to the pier and reached shore in safety.

AMERICAN LEGION SPONSERS PERSHING RETURN TO SERVICE

(By United Press)

Indianapolis, Ind., Nov. 18.—The American Legion national legislative committee will sponsor a bill in Congress to return John J. Pershing to active service in the army, John T. Taylor, chairman of the committee, said today. Taylor said the national committee feels that Pershing's knowledge and experience should be utilized by the army. The legion as yet has no cognizance of the boom for Pershing as secretary of war to succeed Secretary Weeks, Taylor declared.

FALL UNDER TRAIN MAY PROVE FATAL

(By United Press)

St. Paul, Nov. 18.—Charles A. Alexander, La Crosse, Wis., fell under a Burlington train en route to St. Paul early today and suffered injuries which may prove fatal. His left leg and arm were crushed. He was brought here on the train and taken to a hospital.

WIFE'S CHARRED REMAINS FOUND IN HOME FURNACE

HUSBAND, REV. SHEATSLEY, AND FOUR CHILDREN ARE QUESTIONED

CORONER OF COLUMBUS, OHIO, CLAIMS WOMAN CRAWLED INTO FURNACE

(By United Press)

Columbus, Ohio, Nov. 18.—Insisting that he is as much baffled by the mystery of his wife's death as are the police, Rev. C. V. Sheatsley, pastor of the Lutheran church in the fashionable Bexley residential section, was dismissed temporarily today after a severe grilling by County Prosecutor John R. King. The pastor went immediately to the mortuary where his wife's charred remains, which he discovered in the parsonage furnace, are being prepared for burial.

Columbus, O., Nov. 18. — Rev. Sheatsley and his four children, ranging from 10 to 20 years, were summoned to police headquarters for questioning and their stories of the finding of Mrs. Sheatsley's charred body in the parsonage furnace were all very much alike.

E. E. Brideweser, a student at Capitol University, where the pastor conducted a Bible class, told the prosecutor, however, that he had been unable to find anybody at home when he called at the parsonage Monday morning.

Sheatsley said that he and his wife were at home alone all Monday morning and that he left to make some calls at 1:30 p. m. and did not return until 4:30 p. m., when he noticed the odor of burning flesh. Going to the furnace, he saw his wife's remains smouldering on a bed of coals.

The quizz was recessed at 1 p. m. but county and city authorities would not say whether they were satisfied with what they had turned up.

Prosecutor King insisted that Mrs. Sheatsley was murdered and her body stuffed into the furnace in an attempt to cover up the murder.

Coroner Murphy, however, declared it a plain case of suicide, holding to the belief that Mrs. Sheatsley crawled into the furnace through the small opening and drew the door shut behind her.

TARIFF ON SUGAR PROBED

PRESIDENT COOLIDGE'S DECISION MAY BE ANNOUNCED SOON

(By United Press)

Washington, Nov. 18.—President Coolidge's decision on the tariff Commission's recommendations regarding the tariff on sugar may soon be in line for action, it was said at the White House today.

The report of the commission on the production of beet sugar in this country, which President Coolidge requested of the tariff commission to guide him in his decision, has been laid before the president, it was said.

WINONA TO ENTERTAIN DRY GOODS DEALERS

(By United Press)

Winona, Minn., Nov. 18.—Winona will entertain the 1925 spring meeting of the Minnesota Retail Dry Goods association in June. The association has several thousand members in Minnesota and holds two conventions each year. The Twin Cities usually are selected but the invitation of the merchants' bureau for the spring meeting here was accepted for next year. The Minnesota Historical society will also hold its 1925 meeting at Winona, June 17 and 18.

MRS. W. G. HARDING SURVIVES SERIOUS HEART ATTACK

Marion, O., Nov. 18.—Mrs. Warren G. Harding has survived another serious heart attack and now seems to be a little stronger, Dr. Carl W. Sawyer's 9 a. m. bulletin said today.

"Mrs. Harding's condition remains unchanged during the night," Dr. Sawyer said.

"Early today her pulse became very weak and respiration shallow. She has rallied from this and now seems to be a little stronger."

IBANEZ HAS LAUNCHED HIS OWN REVOLUTION

NOTED AUTHOR SEEKS TO FOMENT TROUBLE IN SPAIN

HIS AIM IS TO DRIVE KING ALFONSO FROM THE THRONE

(By United Press)

Paris, Nov. 18—Vincente Blasco Ibanez, noted author, today launched his campaign to foment a revolution in Spain and drive Alfonso from the throne.

Ibanez issued a pamphlet entitled "Alfonso XIII is Unmasked. Military Terror in Spain." In it the author of the "Four Horsemen of the Apocalypse" scathingly attacks his sovereign, charged the directory at present in control in Spain is a menace to the world, and calls for a plebiscite to determine whether Spain should continue a monarchy or become a republic.

$1,000,000 HOTEL ATOP THE UNION STATION

PLANS FOR SAME ARE BEING DISCUSSED IN ST. PAUL

GREAT NORTHERN PRESIDENT IN NEW YORK INVESTIGATING COSTS

(By United Press)

St. Paul, Nov. 18—Plans for a $1,000,000 hotel atop the new St. Paul Union depot are under discussion, it was revealed today.

Ralph Budd, president of the Great Northern railroad and of the Union Depot association, is in New York investigating the financial issues involved in such a deal.

The hotel would be financed by the St. Paul Union Depot Co., it was said.

Charles W. Gordon, chairman of the Greater St. Paul committee, tentatively endorsed the project and said that he was interested in its possibilities. Many hotels are found in conjunction with depots in England and Canada, Gordon said, declaring he could see no reason why it would not work out profitably here.

Woman, 75, Saved From Gas Death by Girl, 10

St. Paul, Nov. 18.—Miss Mary Thomas, 75, overcome by coal gas this morning, was saved from death by her grandniece, 10-year-old Dorothy Finnegan, 756 S. Wabasha st.

Dorothy was bringing Miss Thomas breakfast, and she found the aged woman unconscious in her room, 77 S. Wabasha st.

Aid was summoned and Miss Thomas was taken to the city hospital, where her condition is regarded as not serious.

MURDER MYSTERY IN NORTH COUNTRY PERPLEXING ONE

MRS. ELSIE WHEELER FOUND DEAD IN CABIN IN LAKE OF WOODS COUNTY

HOMESTEADERS WALK 160 MILES TO NOTIFY THE AUTHORITIES

(By United Press)

Warroad, Minn., Nov. 18.—Up in the northwest angle country, across Muskeg Bay of Lake of the Woods four men are tramping the wilderness trails today in an attempt to solve the mystery of the murder of a woman.

Mrs. Elsie Wheeler, 31, arrived in this country November 3 with her husband and two other men from Clearwater, Kans. They took up homesteads on the north side of the lake, where Minnesota territory juts up into the Canadian wilds.

Last Thursday night when the men returned from running their trap line they found Mrs. Wheeler dead in the cabin. Carl Hagen, homesteader with whom the Wheelers were stopping, and Thomas and Jake Coulson left at once for Warroad to notify authorities. They tramped 160 miles, part of the time through a snow storm, reaching here Sunday. County authorities at Baudette were notified. Sheriff Thomas Slind and Coroner John R. Norris of Lake of the Woods county came here and yesterday with the four men set out for the long journey back to the cabin in the angle to investigate the crime.

Mrs. Wheeler and her husband, Dean Wheeler, together with Jake and Robert Coulson left Clearwater, Kansas, three weeks ago in an automobile. They took up claims in the angle country. Mrs. Wheeler, according to relatives in Clearwater, carried more than $1,000 with her on the trip. She also owns a 40-acre farm just outside of Clearwater, according to her relatives, who believed she was murdered for her money.

The story told by Hagen and the Coulsons when they arrived here was that they had set out Wednesday to cover the trap line, leaving Mrs. Wheeler alone in the Hagen cabin. No one came upon her before the party returned.

NEW YORK FACES COLD DAY

TEMPERATURE AT 8 A. M. RECORDED 19 ABOVE ZERO

(By United Press)

New York, Nov. 18.—New York shivered to work again today on the coldest November 18 ever recorded by the Weather Bureau.

The temperature at 8 a. m. was 19 above zero, a record. The coldest previous weather on this date was 23 in 1891.

Ten persons were dead in the metropolitan area as the result of the cold wave which descended suddenly on the city Saturday.

APPEAL MADE TO PREVENT SCRAPPING OF BATTLESHIP

(By United Press)

Washington, Nov. 18.—Counsel for William B. Shearer, New York naval expert, appealed to the District of Columbia court of appeals here today to enjoin the Navy Department from destroying the almost completed battleship Washington.

Wilton J. Lambert, Shearer's attorney, asked the injunction on the grounds that the destruction is unnecessary waste of the taxpayers' money and a blow to the authorized strength of the navy.

A suit filed on the same grounds in the district supreme court last week was dismissed for lack of jurisdiction. Thereupon Shearer appealed to the court.

MORE GRAIN ALCOHOL FED TO MILL CITY SEWERS

Minneapolis, Nov. 18.—Federal agents, working far into the night, dumped 5,500 gallons of grain alcohol into Minneapolis sewers.

The shipment, an entire carload, was seized in the Minnesota Transfer railroad yards. It is believed to have come from Cuba via the Atlantic seaboard rum running fleet. Agents valued the seizure at $50,000, bootleggers' prices.

It was the second carload lot seized in two days. A shipment of 3,888 gallons was found in the same yards Sunday.

OPPOSE LABOR'S NONPARTISAN POLITICAL PLAN

POTTERS AND MOULDERS UNIONS HEARD AT FEDERATION OF LABOR

RESOLUTION RECITES HOW THEY BELIEVE ADVANCE CAN BE MADE

(By United Press)

El Paso, Texas, Nov. 18.—Opposition to organized labor's nonpartisan political policy developed in the convention of the American Federation of Labor here today with demands for exclusive labor presented by the Brotherhood of Operator Potters and the International Moulders Union.

The present nonpartisan policy of the organization is ineffective and the formation of a new party based upon the trades union movement is the only way that labor can protect its own political interests, the resolution says.

Any move toward formation of a labor party would meet with bitter opposition from President Samuel Gompers and his executive council, it was indicated, and there is little possibility of abandonment of the nonpartisan alignment.

William H. Johnstone, president of the machinists' union and a LaFollette supporter, has indicated that he will not support the third party move, declaring that the Federation should confine its activities to "economic matters."

Church Used Too Much by Reformers, McElveen Charges

St. Paul, Nov. 18.—"Some people want the church to be a jack-of-all-reforms," Rev. R. W. McElveen, Plymouth Congregational church, said Sunday.

"They think the church exists to supply the sinews of war for every new social movement. Many who thus ask for the aid of the church in furthering their schemes never aid the church in building up its strength," he continued.

"Not long since the bankers of St. Paul asked the pastors to observe "Thrift Sunday." Then the fire insurance folk asked that the following Sunday be designated as 'fire prevention Sunday.' Rumor has it that the St. Paul meat men in their recent convention seriously discussed asking the churches to observe an 'eat more lamb Sunday'."

14-YEAR-OLD GIRL WEDS MAN AGED 84

Seventy years difference in their ages didn't worry A. Cecil Campbell, 84, of Burlington, O., and Mattie Catherine Walling, 14, of Long Run, Ky., once they decided to get married. But the wedding hasn't taken place yet—and probably never will. They were arrested in a justice's office in Jefferson, Ind., where they had gone to have the ceremony performed.

AMNESTY IS ALSO GRANTED THE EX-PREMIER

FINAL CHAPTER OF THE FAMOUS CASE IS WRITTEN

NO POLITICAL PASSION REVEALED AS THE MEMORABLE VOTE IS RECORDED

(By United Press)

Paris, Nov. 18—With amazing absence of political passion, the French senate by raising its hands today voted article 2 of the amnesty bill, which carries amnesty and restoration of civil rights for Ex-Premier Joseph Caillaux.

Only about half the senators were present and the galleries occupied only by a handful of newspaper men as the final chapter of the famous case was written.

Fully two-thirds of those present today were members of the senate which condemned Caillaux to exile for his dealings with the enemy.

The French chamber previously had voted amnesty to the exiled statesman, so that today's action was a foregone conclusion and many senators voted by proxy.

After final approval by President Doumergue, Caillaux will be permitted to return to Paris and other large cities and fortress towns from which he is at present exiled.

Radicals already are talking of finding a place in the cabinet for Caillaux, who was recognized beyond a question as the most brilliant finance minister in the history of the French republic.

To the surprise of some of his political friends, ExPremier Poincare intervened for Ex-Premier Malvy, whose amnesty was granted by a vote of 195 to 62. His exile had already been ended and the senate's action made amnesty formal and complete.

Many of Malvy's political opponents joined Poincare in declaring they knew of no evidence of his being guilty. Like Caillacx, he was implicated in a charge of dealing with the enemy during the world war.

WIVES OF BANDITS PLEAD GUILTY TO USING NARCOTICS

St. Paul, Nov. 18.—Marvel Speakman, 26, wife of Claude Speakman, who recently was sentenced to Stillwater up to 40 years for the Crescent Creamery robbery, and Mrs. Esther Foster, 27, today pleaded guilty in district court to using narcotics.

Mrs. Foster's husband, Earl Foster, also is in Stillwater for robbery of a drug store at Fairmont in December, 1921.

Mrs. Speakman admitted she had used narcotics six months, since she has been in St. Paul, but said she is "off" morphine at present.

Mrs. Foster told Judge Bechhoefer she has two children aged 5 and 9 and that she has used narcotics three years.

The matter was referred to the probation officer for investigation.

DETERMINED MEN GUARD WASTE GATES OF AQUEDUCT

(By United Press)

Lone Pine, Calif., Nov. 18.—Through another night and into the third day a band of determined men stood guard beside the opened waste gates of the Los Angeles aqueduct, while a stream diverted from its artificial course flowed back toward the Ownes river.

Unrelenting in their struggle with Los Angeles, 200 miles to the south, in a dispute over the right to the waters of the river, the men who opened the flood gates of the aqueduct Sunday morning appeared firmer in their purpose today. A second call for state troops has been sent to Governor Friend W. Richardson by Sheriff Collins.

LUNCH ROOM AT SCHOOL CARNIVAL

Sandwiches, Coffee, Cake, Ice Cream on Bill of Fare to Satisfy Inner Man

MERCHANTS OF CITY DONATE

Thirteen Business Houses Give Merchandise For Use as Prizes Beside Donations for Pond

Those who attend the Lincoln school carnival on Saturday evening, Nov. 22nd, will have no excuse for going home hungry, according to the committee in charge of this big event. A lunch room will be fully equipped to appease the wants of the inner man. Sandwiches, coffee, cake and ice cream cones will be on sale and it is expected that there will be home-baked cakes also offered so that housewives may get their supply for the week-end.

Through the courtesy of a number of the Brainerd merchants a fine list of donations have been secured, which will be given away as prizes on Saturday evening. The business houses included in the list of donors are the Haydon Co., The Nash-Finch Co., John Carlson & Son, Peterson Clothing Co., John M. Bye Clothing Co., E. H. Jones, M. J. Reis, W. E. Brockway, H. F. Michael, Alderman-Maghan Co., The Gruenhagen Co., O'Brien Mercantile Co., and L. F. Hohman. These are in addition to a number of donations made by other merchants and families to be used in the fish pond.

The carnival committee is working very hard to make this event a big success and invites the general public to visit the exhibition which will be held at the Lincoln school. The proceeds are to be used in community work.

Brainerd Musical Club

All members of the Brainerd Musical club who have not turned in their fruit for the Deerwood sanitorium shower, please leave it at Mrs. Rose Parker's millinery before Saturday, Nov. 22nd.

CLINTON N. HOWARD AT CONGREGATIONAL CHURCH THIS EVENING

"Clinton N. Howard, Rochester, N. Y., publicist, lecturer, author, chairman World Peace Commission," who has devoted 25 years to the platform as an advocate of social justice, civic righteousness, law enforcement, equal rights and world peace, will lecture this evening, November 18th, at the First Congregational church, at 8 o'clock.

Mr. Howard's subject will be "World Peace, and How to Obtain It." The World Peace Conference, of which he is now chairman, represents 41 nations who have joined in the call for the next World Conference, whose supreme object is to abolish war and make nations Christian in their relations with one another. He advocates universal disarmament by international agreement.

Mr. Howard was the chief speaker at the Rotary club this noon and made such an impression that many will attend the church mass meeting tonight to hear him again.

$1200 POSITION FOR "DAKOTAN"

"Send us a bookkeeper," phoned the Straus Clothing Co. of Valley City, to Dakota Business College, Fargo. "We'll pay $100 a month to start." Herman Heydt got the place. The Bell Telephone Co's. district office called on "Dakota" for an accountant. Leonard Saue, (who had finished his course that day) was sent, making three "Dakotans" recently employed there.

Thus it goes. Good firms naturally call on a good school for good help. Watch each week. "Follow the $ucce$$ful"—Monday. Write F. L. Watkins, Pres., 806 Front St., Fargo for terms, etc.

The JULIET Model

The Newest Irene Castle Corticelli Fashions

In Coats and Dresses are Now on Display.

JULIET

The long, slender lines of the present mode are delightfully emphasized. Lovely velvet brocaded chiffon is employed over a foundation of Corticelli Crepe Eldora. The flounce of matching chiffon, edged with chopchilla fur is a pleasing variation of the straight line effect.

It is a pleasure to show these Pretty Garments.

"LET THE WOMEN DO THE WORK"

This Motto Illustrated by the Family With Old-Fashioned Washboard and Tub

WIFE RUBS KNUCKLES BARE

Brainerd Electric Co. Stages Novel Window Display Drawing Much Attention

"Let the women do the work," is the motto illustrated by the family with an old-fashioned washboard and tub in the windows of the Brainerd Electric company. The wife is rubbing her knuckles bare trying to get dad's overalls clean, while he sits nearby in a rocking chair, smoking his pipe. A placard on his lap bears the inscription, "I don't have to buy an electric washer, I married one."

This window is attracting a great deal of attention and is very cleverly devised. The dummies used were constructed by B. E. Dunham, proprietor, and required no little mechanical ability to place in operation. An electric motor keeps the life-sized dummy bending back and forth over the wash tub, by means of carefully adjusted machinery.

The woman is attired in an old-fashioned mother hubbard dress and sun bonnet, in keeping with the old-fashioned washing methods she is required to employ. The man is a little better dressed, for, of course, he isn't doing the work.

The Brainerd Electric company is making a special demonstration of Maytag "Gyrafoam" washers this week. This is an electric washer that has already found much favor with Brainerd housewives, because of excellent results obtained through its use, the labor it saves on wash-day, and the small amount of space it occupies. It is very simple in construction and operation, substantially built, and is said to launder the finest fabrics without damage.

An advertisement will be found in this issue of the Dispatch, setting forth the advantages of the Maytag, and the Brainerd Elecric company hopes, with its advertising and its unique window display, to wage a successful war against the old hand methods that are still used in many local homes on wash days.

Presbyterian Aid

The ladies aid of the Presbyterian church will meet at the home of Mrs. C. Lindberg, 818 South Seventh street, Wednesday afternoon, November 19th. The assisting hostesses for the afternoon will be Mrs. D. Frayer, Mrs. Gust Malstrom and Mrs. Roland Jenkins. Members please attend. Visitors welcome.

M. E. Aid Supper

The ladies aid of the M. E. church will meet in the church basement on Wednesday, November 19th, at 3 o'clock. The entertaining ladies are Mrs. Stanley Vanek and Mrs. D. D. Schrader. Members are urged to be present and visitors are welcome. The ladies are serving a supper at 6:30. They are preparing for a large crowd and know they will enjoy a good supper.

Amazon Spiders Eat Birds

Explorers in the wilds of the Amazon are nowadays as much on the alert against the giant spiders as against jaguars. Several types of spiders large and cunning enough to catch and devour birds have been encountered. These made "trap doors" in the ground, beautifully camouflaged. When birds alight on these doors they fall into pits or tunnels in which the spiders watch for their prey.

FOR KNUTE NETLSON MEMORIAL FUND

The committee having in charge the solicitation of funds for the Knute Nelson memorial has asked the Dispatch to open its columns for donations. Any offering will be thankfully received. Money can be brought to the Dispatch and acknowledgment will be made in these columns.

The quota set for Crow Wing county is $375. To make it a popular subscription, a large amount of small subscriptions are required. The Dispatch is glad to record the first donation received, which is from Mons Mahlum, an old friend of the late senator.

DISTRICT COURT PROCEEDINGS

Jury in Case of Wm. Smith, Charged With Sale of Liquor, Find He is Not Guilty

JOHN RING CASE ON TRIAL

Ring is Charged With the Sale of Intoxicating Liquor

In district court Monday afternoon the jury in the case of the state against William Smith, charged with the sale of intoxicating liquor, returned a verdict finding the defendant not guilty. Mrs. C. R. Benest was foreman of this jury, which returned its verdict at 4:40 o'clock.

The case of the state against John Ring, charged with the sale of intoxicating liquor, was on trial Tuesday.

The jury in this case consisted of Conrad Isle, Severn Swanson, W. Wunderlich, Frank Keim, S. B. Henke, Joe Dotzler, W. E. Entriken, John P. Goedderz, George Peterson, Mrs. A. K. Cohen, Sam T. Hawkins and F. E. Fuller.

OWLETTES TRIO IN CONCERT HERE

3 Charming Young Ladies, Artists, to Present Entertainment at Methodist Church

AUSPICES BRAINERD LIONS

Entertainment Sponsored by Extension Department of University of Minnesota

The "Owlettes," three charming ladies, artists in their respective lines, will present an entertainment at the Methodist church on Friday evening under the auspices of the Brainerd Lions club.

While the local Lions are sponsoring this entertainment, it is really being presented by the Extension Department of the University of Minnesota and is a part of the university's plan to furnish the public with some excellent artists during the coming winter. If Friday evening's entertainment is supported as the Lions club hopes it will be, other fine programs may be secured for the next few months.

The "Owlettes" are really the Howlette Sisters, well known creators and entertainers. One is an artist on the piano, another on the violin and the third is a reader. In addition to giving Brainerd people a rare treat along these lines they will present a comic drama sketch entitled "Men, Music and Microbes."

The University states that the "Owlettes" have given their program in twelve Minnesota towns since the first of November and in every report from these towns the entertainments have been rated one hundred per cent, the young ladies giving a much finer program than even the most enthusiastic had anticipated.

The ticket sale has been placed in the hands of the Girl Scouts and the Campfire Girls of the city who will receive a nice percentage for their treasuries through the efforts of the Lions club. The public is asked to support this entertainment so that others may be secured this season. In doing so citizens will be given a fine program and in addition will be aiding the girls of the city, a very worthy cause.

Margaret Fielding Coming in First "Western"

When Margaret Fielding is seen in the leading feminine role, opposite Dustin Farnum, in "Kentucky Days," which opens a two day run at the Lyceum theatre Thursday, it will be her debut in pictures known as "western." Although a great part of this photoplay is laid in the south of '49, it also deals with the romantic and daring exploits of the fortune hunters who joined the gold rush to California in the days of the covered wagons.

Peanut of Bean Family

The peanut is not a nut. It belongs to the same family as the common pea and bean. The term "nut" was applied to it on account of its flavor, which is similar to that of some true nuts.

NO TRACE OF TUTCH

Farmer Disappeared From Home Near Gladstone Lake Sunday Evening

No trace of Joseph Tutch, farmer residing near Gladstone lake, who disappeared from his home on Sunday evening, has been found. Searchers are still scouring the country and dragging the lake in the vicinity of the Tutch home.

A man was seen on Kingwood street in Brainerd on Tuesday morning answering to the description of Mr. Tutch. He was walking west on Kingwood between the Northeast Brainerd fill and the Northwestern hospital. When those who know the lost man went to see if it was Mr. Tutch, the man could not be found.

GALLATIN WAS HOPEFUL

ONE hundred and seven years and a few months ago Albert Gallatin, then our minister to France, optimistically declared: "I fully expect to be housed in a legation owned by my government, within a year." Gallatin may have been over-optimistic, but he was a man of vision, nevertheless. A century has rolled on, but the trick has been turned at last, and we now have a very creditable embassy in Paris, at No. 2 Avenue d'Jena, formerly the residence of President Grevy. Benjamin L. Fairchild, Republican congressman-elect of New York and Myron Herrick, our ambassador to France, recently returned to this country on vacation, were largely instrumental in bringing about the happy result.

Soon after the election of President Harding in 1920, some agitation was aroused in the press of the country for the purchase by the U. S. Government of embassies, legations, and consulate buildings abroad. It was pointed out that the time was exceedingly appropriate for such action inasmuch as the American dollar was enjoying the highest purchasing power it had ever known abroad, or might ever know again. On March 2, 1921, Congress appropriated $150,000 under the provisions of the so-called Lowden Act of 1911, and the ambassador at Paris was instructed to report on available and appropriate houses for sale in Paris. He could find none that came within the limit of appropriation as the exchange was at that time. Mr. Fairchild went abroad in the summer of 1922, and when he found out what the situation was he came back insistent on a remedy. He introduced a bill authorizing the expenditure of $300,000 for the Paris Embassy, which passed March 4, 1923. This was an authorization, however, not an appropriation, which came much later.

Mr. Herrick was authorized to secure an option in dollars on the Grevy residence, but the owners wanted one in francs, which the Ambassador took on his own responsibility, for one month. Congress did not reach the appropriation bill, the option was about to expire, and the franc was falling until it reached 27 to the dollar. Then Herrick, on his own responsibility, bought francs with his own money, and purchased the house on his own account, however, giving the owners an offer of release from the option, which they refused to accept. Herrick then cabled, "I shall hold this property for the Government at cost price."

On April 2, 1924, the appropriation passed Congress, and on April 11 the title to the Grevy mansion passed to the United States. Meantime the franc had largely recovered, so that the saving to this Government by Mr. Herrick's action was $118,000. The report on the house says while it "is in no sense palatial, it is amply large for most occasions and entirely appropriate as a residence for the American Ambassador."

Of the forty-odd countries to which we send chiefs of missions, not more than half a dozen see Old Glory flying over an American-owned diplomatic residence, and practically all our consulates are rented. This is a handicap to efficiency, for one thing. For another, it is an expensive proposition.

The State Department budget calls for the expenditure of nearly half a million dollars a year on account of rent, heat, light, repairs, etc., for our diplomatic residences. Over $400,000 is for rent alone, or the interest on $8,000,000 at 5 per cent. That would furnish about 25 residences of the Paris type, and less than $25,000,000 would equip our foreign representatives, from the Argentine Ambassador to the V. C. at Venezuela with a "local habitation" as well as a name.

A MAN NEEDS POCKETS

MADGE BLAIR BARNWELL, we believe she's a fashion writer, is asking men to discard their coats and vests in summer and take to blouses. After she has headed them on this path of reform and got them adopting the blouses, she would like to see them clothed in knee breeches and long hose.

This revolutionary mode of dress, harking back to the days of powdered wigs and the frippery and frumpery of when knighthood was in flower, will not suit the average man of today. The Detroit News has taken up the cudgels and says the reason a mans wears a coat and vest is because it's not a matter of propriety or æsthetic taste, but it's a question of plain utilitarianism.

A man has to carry the following: money, checkbook, letters, cigars, cigarets, pipe, tobacco, handkerchief, notebook, receipts, business cards, bills, membership cards of various lodges and clubs, railway time tables, postage stamps, a watch, a knife, several keys and several other things, including the letters his wife told him to mail.

And he can't carry all those things in his pants pockets. The coat may not be beautiful, but it's mighty handy. Men have got to have something to carry their pockets in.

THE Washington Post in summing up the recent campaign, says it proves how futile it is for candidates to try to gain support by vilifying their opponents. Although the 1924 campaign did not approach those old days in calumny and vulgarity, it was much worse than it should have been. Some of the candidates for President and Vice President did not scruple to attribute dishonesty to their rivals, although the whole country knew that all presidential candidates were personally honest. It is notable that those candidates who were most vicious in their calumnious statements have appeared as tail-enders in the voting.

LESSIE STRINGFELLOW READ, editor of the Federation News (published by the General Federation of Women's Clubs), comments on the availability of news matter. While it is true, she says, "that the early copy gets the space," it is also true that "the copy easy to set is the first that gets into type."

NEEDHAM T. BARTLETT, aged 76, is postmaster of the smallest postoffice of the nation at Searsburg, Vermont. The high cost of living has induced Bartlett to appeal for a raise in his $100 annual salary. He wants a $2 raise, it is reported.

GOLDEN RULE SUNDAY will be observed on December 7th. President Coolidge and Secretary Hughes have both written letters approving the celebration.

"THE ROAST BEEF OF OLD ENGLAND"

Nothing Dims John Bull's Loyalty to National Dish.

I can never understand people well until I see them eating. "Tell me what you eat and I'll tell you what you are." If you eat roasted meats and well-cooked vegetables, you are an Englishman; if you eat well-seasoned dishes, with a liberal use of sauces, you are French; if you don't eat, you are Spanish.

I would take these Englishmen, so strong and high-colored, and I would put them in a Madrid boarding-house; at the end of two weeks they would be so weak that I could maul them without any difficulty, declares a writer in the Chicago Evening Post. An English military authority once said: "Where the Spanish soldier would consider himself well-fed, the French soldier would be on half rations, and the English soldier would starve to death." The English are prodigious eaters, but as they are not epicurean they are slim, strong and healthy, and not fat and heavy like the French.

I have seen an advertisement of the Muller cooking-pans; this advertisement is divided into seven parts, corresponding to the seven days of the week. Monday shows a platter with an enormous piece of roast beef; below appears the same roast, a little smaller; it is Tuesday's fare. By Wednesday the roast has diminished in a mathematical proportion. Thursday roast beef, Friday roast beef. By Saturday the roast has assumed microscopic proportions.

"But," you will say, "surely they eat something else in London besides roast beef."

Yes; in addition to roast beef they eat more roast beef. These English divide the same portion of roast beef in two pieces so that foreigners may not say that here one eats only one thing.

The variety of the roast beef consists in the vegetables; boiled potatoes and cabbage, all without salt. . . . If one could at least have some variety in the cooking of the potatoes! But no; Monday's potatoes are like those of Sunday, Sunday's like those of Saturday, and so on unto eternity. Do you suppose that the English would camouflage a potato? Never! What would become of the proverbial English honesty? No, a potato must always look and taste exactly like a potato. England, ladies and gentlemen, is a serious country.

In the slang of Paris, the English are called roast beef. "Vola un roast beef," the French say of an Englishman.

The fact is that by dint of eating roast beef through generations, the English of today look a good deal like enormous pieces of roast beef. They have the same color, the same health, the same sensitiveness as roast beef. An Englishman eating a piece of roast beef makes me think of a cannibal devouring a fellow man.

Greek Dramatist's Frog Chorus a Poor Second

I have contributed so much animal lore to these pages that I am thinking of setting up as a naturalist, William Lyon Phelps writes in Scribner's Magazine. I suppose all animals are personalities to those who know and understand them. When I was a child in Hartford it was a pleasure to enter the beautiful garden of that hospitable gentleman, Pliny Jewell. There was a little lake, and in winter he distributed to the boys of the neighborhood free skating tickets, which we highly appreciated. In summer evenings the old gentleman would sit in a chair on the edge of this pond and ring a bell. At the mellow tones of this instrument the frogs would come out of the lake and group themselves about Mr. Jewell, who offered them bits of food, which they received courteously. I had never discriminated particularly among frogs; but to this man every one of those frogs was an individual, and he had named them all. The largest was called Laura Matilda, and was the owner's favorite. I have seen Laura draw near her master's chair, take a bit of bread delicately from his fingers, eat it, and then wipe her mouth daintily, like the Prioresse in Chaucer.

Aristophanes' frog chorus could never perform like that. The Greek dramatist missed a trick.

Still the Winner

The other night a young man was visiting his best girl, and he stayed on and on until she became very sleepy indeed. Also she had to work the next day and thought it time to give him a hint that it was time for him to go home. Finally she said:

"Don't you think you had better telephone for a taxi to go home in? It's so late now and there have been several robberies out in this part of town after midnight."

The young man was visibly pleased at her suggestion.

"Oh, yes, I'll do that," he returned. "I'm not afraid, but the taxi will take me home so much faster than I can walk that I can stay at least an hour longer."—Indianapolis News.

Pavlowa Also a Sculptor

Pavlowa, the Russian dancer, who is known in every corner of the world, has been revealed as a clever sculptor also. She does most tiny dancing figures as a means of recreation while resting between engagements. Pavlowa is reported to be almost fabulously rich.

GALLATIN WAS HOPEFUL

ONE hundred and seven years and a few months ago Albert Gallatin, then our minister to France, optimistically declared: "I fully expect to be housed in a legation owned by my government, within a year." Gallatin may have been over-optimistic, but he was a man of vision, nevertheless. A century has rolled on, but the trick has been turned at last, and we now have a very creditable embassy in Paris, at No. 2 Avenue d'Jena, formerly the residence of President Grevy. Benjamin L. Fairchild, Republican congressman-elect of New York and Myron Herrick, our ambassador to France, recently returned to this country on vacation, were largely instrumental in bringing about the happy result.

Soon after the election of President Harding in 1920, some agitation was aroused in the press of the country for the purchase by the U. S. Government of embassies, legations, and consulate buildings abroad. It was pointed out that the time was exceedingly appropriate for such action inasmuch as the American dollar was enjoying the highest purchasing power it had ever known abroad, or might ever know again. On March 2, 1921, Congress appropriated $150,000 under the provisions of the so-called Lowden Act of 1911, and the ambassador at Paris was instructed to report on available and appropriate houses for sale in Paris. He could find none that came within the limit of appropriation as the exchange was at that time. Mr. Fairchild went abroad in the summer of 1922, and when he found out what the situation was he came back insistent on a remedy. He introduced a bill authorizing the expenditure of $300,000 for the Paris Embassy, which passed March 4, 1923. This was an authorization, however, not an appropriation, which came much later.

Mr. Herrick was authorized to secure an option in dollars on the Grevy residence, but the owners wanted one in francs, which the Ambassador took on his own responsibility, for one month. Congress did not reach the appropriation bill, the option was about to expire, and the franc was falling until it reached 27 to the dollar. Then Herrick, on his own responsibility, bought francs with his own money, and purchased the house on his own account, however, giving the owners an offer of release from the option, which they refused to accept. Herrick then cabled, "I shall hold this property for the Government at cost price."

On April 2, 1924, the appropriation passed Congress, and on April 11 the title to the Grevy mansion passed to the United States. Meantime the franc had largely recovered, so that the saving to this Government by Mr. Herrick's action was $118,000. The report on the house says while it "is in no sense palatial, it is amply large for most occasions and entirely appropriate as a residence for the American Ambassador."

Of the forty-odd countries to which we send chiefs of missions, not more than half a dozen see Old Glory flying over an American-owned diplomatic residence, and practically all our consulates are rented. This is a handicap to efficiency, for one thing. For another, it is an expensive proposition.

The State Department budget calls for the expenditure of nearly half a million dollars a year on account of rent, heat, light, repairs, etc., for our diplomatic residences. Over $400,000 is for rent alone, or the interest on $8,000,000 at 5 per cent. That would furnish about 25 residences of the Paris type, and less than $25,000,000 would equip our foreign representatives, from the Argentine Ambassador to the V. C. at Venezuela with a "local habitation" as well as a name.

A MAN NEEDS POCKETS

MADGE BLAIR BARNWELL, we believe she's a fashion writer, is asking men to discard their coats and vests in summer and take to blouses. After she has headed them on this path of reform and got them adopting the blouses, she would like to see them clothed in knee breeches and long hose.

This revolutionary mode of dress, harking back to the days of powdered wigs and the frippery and frumpery of when knighthood was in flower, will not suit the average man of today. The Detroit News has taken up the cudgels and says the reason a mans wears a coat and vest is because it's not a matter of propriety or æsthetic taste, but it's a question of plain utilitarianism.

A man has to carry the following: money, checkbook, letters, cigars, cigarets, pipe, tobacco, handkerchief, notebook, receipts, business cards, bills, membership cards of various lodges and clubs, railway time tables, postage stamps, a watch, a knife, several keys and several other things, including the letters his wife told him to mail.

And he can't carry all those things in his pants pockets. The coat may not be beautiful, but it's mighty handy. Men have got to have something to carry their pockets in.

THE Washington Post in summing up the recent campaign, says it proves how futile it is for candidates to try to gain support by vilifying their opponents. Although the 1924 campaign did not approach those old days in calumny and vulgarity, it was much worse than it should have been. "WHO DEFEATED DOOGAN?" SETTLED

League of Women Voters' Play Proved to be Very Popular

AT CHAMBER OF COMMERCE

Two Shows Had to be Given in Order to Accomodate the Crowds

The League of Women Voters play, "Who Defeated Doogan," proved to be so popular that it was necessary to give two shows last evening at the Chamber of Commerce parlors.

Before the play opened, the chairman, Mrs. W. C. Cobb, stated that one object of the meeting was to check up on the "Get Out the Vote" work of the league. This work was begun two years ago last April at the national convention in Des Moines, when attention was called to the dangers of minority rule in this country, and resolutions were passed urging every state league to start a campaign for getting out 75 per cent of the vote at the next presidenial election. Miss Myrne Downie, chairman of the "Get Out the Vote" committee of the local league gave the result of the vote in Crow Wing county. The goal of 75 per cent was just reached, which was a seven per cent increase over the vote of 1920. Three hundred more people voted than had ever voted before in this county.

On account of illness, Miss Genevieve Flannagan was unable to take the part of the college girl who had just married a Canadian and thought that she had thereby lost her citizenship rights. But Mrs. D. E. Whitney made a most acceptable substitute. In the little prologue which was splendidly given by Mesdames Whitney and Hoffman and Miss Mary Tornstrom, the League of Women Voters is trying to arrange a meeting to teach the women how to mark their ballots correctly.

The play represents the polls on the morning of election day. First, two workmen vote, on their way to work. The names of these workmen did not appear in the published cast and the audience was kept guessing as to their identity. Then came Mrs. Larson, who didn't need to be instructed how to vote by any woman because her man "Yon" had voted and had told her just how to do it. A little by-play was added to this part, which was taken from real life. Because she was unable to fold her ballot correctly, she got mad, tore it up and stamped on it and was promptly arrested for creating a disturbance at the polls.

The play represents the principal types of voters in a small city. There is the capable telephone girl who attended the League of Women Voters meeting on ballot marking and votes with neatness and dispatch. There is the dear little Irish mother of Doogan, and the sailor son who made port the day after he was twenty-one so that he could throw his first vote for his dad. There is Mrs. Dunnigan, who hopes to become the mother-in-law of Pat Doogan, and who leaves a placard in the booth asking people to "Vote for Doogan," there are two representatives of the Smart Set, three busy women from the Ladies' Aid, who want to hurry through the business of voting so that they can go back and finish making the quilt for the Chinese Mission; there is pretty little Kittie Dunnigan, who thinks she should be allowed to vote for just one because she's eighteen and has dressed up to look twenty-one; there are the quiet, efficient nurses who sent one of their number to the ballot marking meeting, and have profited from the instructions she brought back. There is also a representative of the average type of intelligent women—Mrs. Nailor—who reprimands Mrs. Jinks for spending more time talking about how busy she is than would be consumed in marking her ballot, and last, but not least, there is the candidate himself, who decides that instead of wasting any more smiles on the ladies, he'll start a school for women voters after he has been given this tip by the jovial policeman.

The election officials deserve great credit for keeping the action going and not allowing the play to drag. In fact, every member of the cast deserves special mention, if space would permit. Even the simple part of messenger boy and chauffeur was well done and showed an intelligent conception of the parts. It was worth while giving this little play just as a demonstration of the Thespian talent that Brainerd possesses. After the first reading of the play, there were but three rehearsals, at no one of which all of the cast was able to be present and yet the play went across with zest and with considerable smoothness.

About the time that Mr. Doogan decided that he'll have to start a school for women voters, the chairman of the League of Women Voters appears and tells him that all he needs to do is to get his friends to join her organization, she says that the league not only teaches women how to vote but tries to induce them to cast an intelligent vote. It also has considerable state and national legislation to its credit. At the last meeting of the legislature, three of is educaional bills were passed, from two of which Brainerd has directly benefitted. These are the bill requiring physical training for every child, and the supplemental aid bill, aimed to help school districts that are required to lay a burdensome tax in order to give their children adequate schooling facilities. This bill makes a more equitable division of the state's school funds than has ever been made before.

As illustrations of the federal legislation passed through the efforts of the league, the speaker gave the Shepard-Towner bill, which makes motherhood and babyhood safer than ever before, and the Cable bill which enables a married woman to be naturalized in her own right and to keep her citizenship rights even tho she marries a foreigner. In other words, the bill that makes a woman an individual instead of a mere appendage to some male citizen.

Mention was made of the great effort that was to be made in the coming session of congress to persuade our government to join the World Court, believing that nations should settle their disputes through due processes of law just as individuals do in all civilized countries. The audience was urged to attend the lecture of Hon. Clinton Howard on "World Peace and How to Obtain It" on Tuesday evening at the Congregational church, to hear more on this subject.

As to state legislation, the league's program was practically that on which Gov. Christianson made his fight for election—a reorganization and consolidation of the ninety-three administrative departments of the state government, and the passage of an execuive budget bill which should make the governor responsible for carrying out the provisions of said budget. The ratification of the Child Labor amendment, however, was to be one of the first legislative labors of the league.

As the appeal for memberships yielded sufficient funds to bring a good speaker to Brainerd to explain just what this amendment will mean to Minnesota, the Child Welfare committee will secure one very soon.

The local League of Women Voters wishes to thank all who took part in the play, all those who loaned properties, the officials and employees of the Chamber of Commerce and all others who contributed to the success of "Who Defeated Doogan," including Mrs. C. L. Burnett, who acted as critic.

10 NEW JOBS, BIDS ON STATE HIGHWAYS OPENED

(By United Press)

St. Paul, Nov. 18.—Bids were opened in the State Highway Department today on 10 new jobs, involving an estimated expenditure of $325,000.

Nine are for graveling highways and one for grading.

The biggest job is graveling of state trunk highways running from Crookston to the Canadian border. The work is on 52 miles, and the cost was estimated at $160,000.

Improvements on trunk highways from Barnesville to Moorhead are estimated to cost $60,000. Other projects are comparatively smaller.

Cricket Under Indictment

A cricket on the hearth is a pleasant thought, but an entomologist says that a cricket that gets into the house will eat holes in clothing and lace curtains. It is hard to believe that the "cricket on the hearth," the emblem of cheerfulness and homely comfort, would do a thing like that, but the entomologists probably know more about it than the writers.—Youth's Companion.

LOST AND FOUND—CALL 74

HEALING CREAM STOPS CATARRH

Clogged Air Passages Open at Once —Nose and Throat Clear

If your nostrils are clogged and your head stuffed because of catarrh or a cold, get Ely's Cream Balm at any drug store. Apply a little of this pure, antiseptic, germ destroying cream into your nostrils and let it penetrate through every air passage of your head and membranes. Instant relief.

How good it feels. Your head is clear. Your nostrils are open. You breathe freely. No more hawking or snuffling. Head colds and catarrh yield like magic. Don't stay stuffed up, choked up and miserable. Relief is sure.

Face the Danger

'Tis the best use of fate to teach a fatal courage. Go face the fire at sea, or the cholera in your friend's house, or the burglar in your own, or what danger lies in the way of your duty, knowing you are guarded by the cherubim of destiny.—Emerson.

High Engine Speed

The highest engine revolution known is alleged to have been reached by a new design of internal spindle grindstone used to grind cylinders. The shaft revolves 80,000 times a minute.

Not a Busy Street

The straight and narrow path is wide enough for its traffic.—Frankfort Times.

High Price for Tardiness

In the usual life of a cadet at West Point, the United States Military academy, there are about 20,000 opportunities for him to be "late" in one way or another. If he accumulates 100 "late" demerits he will be discharged. Only 60 per cent of the boys who enter West Point are ever graduated.

Some Do

A very thin girl had a pair of long gloves and they wouldn't stay up. The just wouldn't. She complained about this to a gentleman friend and he suggested: "Why don't you—ah—put garters on them?"—Louisville Courier-Journal.

"WHO DEFEATED DOOGAN?" SETTLED

League of Women Voters' Play Proved to be Very Popular

AT CHAMBER OF COMMERCE

Two Shows Had to be Given in Order to Accomodate the Crowds

The League of Women Voters play, "Who Defeated Doogan," proved to be so popular that it was necessary to give two shows last evening at the Chamber of Commerce parlors.

Before the play opened, the chairman, Mrs. W. C. Cobb, stated that one object of the meeting was to check up on the "Get Out the Vote" work of the league. This work was begun two years ago last April at the national convention in Des Moines, when attention was called to the dangers of minority rule in this country, and resolutions were passed urging every state league to start a campaign for getting out 75 per cent of the vote at the next presidenial election. Miss Myrne Downie, chairman of the "Get Out the Vote" committee of the local league gave the result of the vote in Crow Wing county. The goal of 75 per cent was just reached, which was a seven per cent increase over the vote of 1920. Three hundred more people voted than had ever voted before in this county.

On account of illness, Miss Genevieve Flannagan was unable to take the part of the college girl who had just married a Canadian and thought that she had thereby lost her citizenship rights. But Mrs. D. E. Whitney made a most acceptable substitute. In the little prologue which was splendidly given by Mesdames Whitney and Hoffman and Miss Mary Tornstrom, the League of Women Voters is trying to arrange a meeting to teach the women how to mark their ballots correctly.

The play represents the polls on the morning of election day. First, two workmen vote, on their way to work. The names of these workmen did not appear in the published cast and the audience was kept guessing as to their identity. Then came Mrs. Larson, who didn't need to be instructed how to vote by any woman because her man "Yon" had voted and had told her just how to do it. A little by-play was added to this part, which was taken from real life. Because she was unable to fold her ballot correctly, she got mad, tore it up and stamped on it and was promptly arrested for creating a disturbance at the polls.

The play represents the principal types of voters in a small city. There is the capable telephone girl who attended the League of Women Voters meeting on ballot marking and votes with neatness and dispatch. There is the dear little Irish mother of Doogan, and the sailor son who made port the day after he was twenty-one so that he could throw his first vote for his dad. There is Mrs. Dunnigan, who hopes to become the mother-in-law of Pat Doogan, and who leaves a placard in the booth asking people to "Vote for Doogan," there are two representatives of the Smart Set, three busy women from the Ladies' Aid, who want to hurry through the business of voting so that they can go back and finish making the quilt for the Chinese Mission; there is pretty little Kittie Dunnigan, who thinks she should be allowed to vote for just one because she's eighteen and has dressed up to look twenty-one; there are the quiet, efficient nurses who sent one of their number to the ballot marking meeting, and have profited from the instructions she brought back. There is also a representative of the average type of intelligent women—Mrs. Nailor—who reprimands Mrs. Jinks for spending more time talking about how busy she is than would be consumed in marking her ballot, and last, but not least, there is the candidate himself, who decides that instead of wasting any more smiles on the ladies, he'll start a school for women voters after he has been given this tip by the jovial policeman.

The election officials deserve great credit for keeping the action going and not allowing the play to drag. In fact, every member of the cast deserves special mention, if space would permit. ARMISTICE DAY EXERCISES HELD

Armistice day—quiet, beautiful! the picturesque landscape with its faint covering of snow became still more enhanced when Old Glory with its grand colors appeared standing in our Main thoroughfares, its graceful folds swaying peacefully in the breeze. We trudged onward — at peace with the world, with nothing as yet to stir us from our humdrum routine of life.

While Miss Tornstrom was giving her inspiring speech to a very attentive assembly of students, Zephyo and Mother West Wind combined their forces, the result being tremendous. The wind began blowing (not gently), the snow began to fall or rather, the sleet came sliding down upon objects here below and by the time the temperature had failen to zero the warriors of B. H. S.. 450 strong, some in battle array and some decidedly not in battle array venturred forth into wintry tempests to do honor to that memorable day, Nov. 11, 1918.

Goliath ,Harry Lyddon) with two stalwart damsels by his side, "blazed the trail" and led the four powerful legions, the entire strength of which was three blocks or 200 cubits. This spectacle of an endless, streaming line of "school kids" seemed so to amaze the populace of the town that a huge multitude of a dozen inhabitants thought it worth their while to come forth from their comfortable abodes to view the array of hustling infantry.

Once duly started on their course, things began to happen. The wind was still blowing and of course it was still snowing when the fair co-eds began shrieking with horror at their straight, icy locks. If old Sol had been shinnig the fictional ivory domes could have been taken for sparkling diamonds. The gentle coat of snow that clung to their trim ankles became more gentle and melting as did the snow on the rest of their garments when they arrived at the New Park. Whew! what a day.

After these small trivialities everything was again serene on the Potomac. Despite the big journey of the morning we set out at noon for another battle with another ancient rival, Little Falls, on the fastest limited available and with blanched miens watched the football score mount to an 0-0 score. Thus the end of a perfect day.

HOW TO AVOID BEING ON THE HONOR ROLL

One of the best ways to avoid being on the Honor Roll is to stand in the halls and talk until some teacher comes along and tells you that the bells have rung and you'd better be going into your assembly room. In case that you are in danger of having a place in the Honor Roll because of your great natural brilliancy, rushing late into classes tends to make you breathless and entirely innocent of any knowledge of the day's lesson.

The slow, regular movement of the jaws in chewing gum is very soothing or, quickened a little, will take one's mind off the lesson and keep it safely vacant. Therefore chewing gum in class is a very fine thing for those who wish to avoid being on the Honor Roll. Candy takes a little more attention, and is advised for people of more active minds.

Never pay attention in class. If an important subject is being discussed, pick up a pencil and become absorbed in it. Often the teacher will explain something in class which would add a great deal to your knowledge.

Always be talking to somebody in class. It helps you to forget your lesson and effectually prevents your hearing anything of what is going on in the room. Also, your talking has the same result on your neighbors.

When possible, study another subject in class because this insures a very confused impression of the lesson you are studying and allows no chance of hearing the present recitations and discussions. If the teacher calls on you suddenly, say that you didn't think you had that today. The teacher usually knows what has been assigned, and will at least consider you careless and neglectful of your work.

Never take books home as it gives an impression of industry, which is not at all to be desired. Be tardy in coming to school as this lowers your marks considerably.

Do not do any reviewing because it is possible to raise your grade quite a little by receiving good marks in exams. It also makes a good foundation for coming work. Read jokes in school a great deal. They are not educational and so, of course, cannot do any harm. They are a very easy and simple method of amusing yourself.

Do not find out what the assignment is until the last minute before class. There's seldom time to study it then. Put off work to be done outside of school until as late as possible. Then either forget it or copy someone else's.

These are tried and true methods to avoid being on the Honor Roll, as more than one can testify.

Who, What and Where

Brainerd and Little Falls battled to a scoreless tie last Tuesday in the last football game of the season. The details? Ask Wallace.

* * *

A Boys' Glee club was organized last Friday under the supervision and leadership of Miss Rickard. We also hear rumors about a Senior Boys' quartet, but particulars were unattainable.

* * *

The Girls' Basket ball squads are putting in a good amount of hard and consistent practice lately, making the most of their opportunities before the boys begin "having the gym all the time."

* * *

Not long ago Miss Tornstrom attempted to produce play-writers out of her English IV students and now she is producing amateur actors and actresses by enacting Shakespeare's Hamlet. "All visitors are welcome," says Iris.

* * *

Miss Flitch, Miss Eastman, and Mr. White, all former B. H. S. instructors, were seen at the M. E. A. convention. We wonder whether Mr. White misses his radio?

* * *

At the Sophomore meeting last week it was decided to have a party in unison with the Juniors. Iris speaks again, "Where in the world are we getting to? Just think of Sophomores having a party with the upper classmen!"

* * *

Lorraine and Sophie found this among our exchanges: "Now that election is over we hope that some of those rabid politicians around school will put their politics away in moth balls for another four years."

* * *

The B. H. S. Orchestra furnished the music at the recent naturalization of citizens in the Court House.

* * *

Ruth Perlman, exchange editor, was added to the group of Brainonian typists.

* * *

Miss Thomas' Eng. IV classes have been writing essays. If anyone thinks this an easy task, let them read Bacon's essay "Of Riches" or "Of Studies" and write one like it.

DRAMATIC CLUB MEETING

The Dramatic club, with Miss Larsen as advisor, held its first meeting, Thursday evening, November 13, in Miss Larsen's room. The following officers were elected:

President—Elizabeth Folsom.
Vice President—Lorraine Morrison
Secretary—Marguerite O'Brien.
Treasurer—Margaret Anderson.
Reporter—Ruth Perlman.

Every member either recited a poem or gave a reading. An entertainment committee was also chosen, which is as follows:

Lorraine Morrison—Chairman.
Ruth Perlman.
Bernice White.

Miss Larsen proposed that a Constitution be drawn up, and the officers of the club were chosen to do this. The meeting adjourned, to meet again three weeks from the present date, on account of Thanksgiving Day being on the regular meeting day, Thursday.

Mr. Cobb (after listening to the Girls' Glee club which sang a song for him): "Very good, girls, I could not have done any better myself."

DEEP MYSTERY SOLVED BY SHERLOCK HOLMES

Why is it that some of the students are so busy trying to find a certain book that comes in about the middle of every week? It can't be a text book because who ever heard of any student rushing around trying to find something to study? Perfectly ridiculous, isn't it? Tell us, is there anyone who can solve this mystery? This book is used to a great extent in the American and Modern History classes, we know, but what the mystery is—why is it such an interesting on this clue, who said that the solved.

The detective who has been working on thi sclue, who said that the book is used in both American and Modern History classes, has at last solved our mystery. He reports that this book is the Literary Digest and that it arrived on Wednesday of every week; also the most fathomless problem has been solved. Why are these magazines or books so popular? This Sherlock Holmes says that within the front and back cover lies the most interesting page entitled the "Spice of Life," which attracts the attention of the pupils. As long as this mystery has been solved, the teachers or the other pupils need not worry about this matter any more.

NEWS FOR THE ALMA MATER

Walter Cullen, '21, who is attending the St. Paul College of Law visited at his home last week. This is Walts' last year there.

Harry Wolvert, '21, is attending the St. Paul College of Law. He visited his home last week and also went deer hunting.

Gertrude McGarry, '21, is in training at the Eithel Hospital, Minneapolis.

Eugene Hitch, '24, has succeeded in passing his exams, so he will be allowed to stay at the University of Minnesota for the second half. Quite an accomplishment for Gene.

George Hagberg, '19, is practicing dentistry at Milwaukee, Wis. We hope there will be many more of us that will have the honor of having a "Dr." attached to our name.

Ione Johnson, '23, formerly of Brainerd is attending the University of Wisconsin.

Clifford Ebner, '19, is attending the St. Paul College of Law. No doubt Brainerd will have many prominent lawyers if they are all successful.

Kenneth Nicholson, '24, has passed all of his examinations at the University of Minnesota.

THE FRESHMEN RESPOND

We, the Freshmen Class, wish to take issue with that last week's article "Make Way! The Seniors Are Here," published by the Senior Class.

It would not take much space to make room for the Senior Class. According to the article the class consists of eight strong, Wally, Albert, Elizabeth, Harry, Lorraine, Cully, Irma, Martius, and—"IT."

We are perfectly willing to take our hats off to those mentioned by name but "Giminently" who it "IT?" Old Webster says "IT" is a NEUTER pronoun.

"It" boasts "Wordly Wisdom" because "It" goes to High School to improve our faculties. Our instructors are our faculties. Therefore, "It" goes to High School to improve our instructors.

Hail to the Sergeant of Arms, Owen Swanson, according to the article, the guardian and preserver of the dignity of the illustrious eight and "IT" of the Senior Class.

Owen cried in a loud voice, "'It,' where art thou?"

"In the Brainonian," hissed "IT."

JUNIOR CLASS MEETING

The Junior Class held a meeting on Monday night after school, the purpose of which was to discuss finances. It was suggested that we have a benefit movie, and a committee was appointed to take charge of it. It has not yet been decided what movie will be had, but leave it to the Juniors to make a big success of it, whatever it is!

A party was also planned for Friday evening, Nov. 21.

BRAINLESS BITS

They sat together,
Worked together,
All semester long;
Played together,
Strolled together,
Happy as a song.
Then—
Crammed together,
Flunked together,
Wondered what was wrong.
—The Simpsonian.

* * *

Bohnhoff: "What the ex-kaiser's favorite song?"
Bo: "Give it up."
Bohnhoff: "Ain't gonna reign no more."

* * *

Fresh: —"Who was the smallest man in history?"
Soph: "You've got me."
Fresh: "Why, the Roman soldier who slept on his watch, of course."

* * *

Says Socs to Kally: "I nearly sold my shoes yesterday."
Says Kally to Socs: "How come? You're still wearing 'em."
Says Socs to Kally: "Well, I had them half soled anyway."

* * *

Terse Topics

Man's ears are bigger than woman's. And why not? Woman is the speaker sex.

* * *

Advice to modern woman: To renew youth, let your hair grow out.

* * *

Mr. Boulevard of the Boulevard Transportation Company informs us that it takes three Chautauqua speakers to inflate one of their large tires.

* * *

The Entr'acte or Entree

The orchestra played one of the Fifty-Seven from "Heinz."

* * *

The Anti-Foreign society should legislate against these Scotch stockings.

* * *

Miss Lohr: "Ruth, where did you get those lines?"
Ruth (trying to prove a theorem): "I drew them."

* * *

Miss Laipple: "What is the difference between the Schafer method of artificial respiration and the Silvester?"
Werner P.: "Oh, in the Silvester they don't put a rag under the patient's mouth to keep it out of the mud."

* * *

Mayo L. quotes a sad experience of his brother's. It runs thus: "That day my brother got his jaw hurt in the football practice he lost his gum he was chewing and now his jaw is stiff."

* * *

W. K.: "What is coal?"
B. F.: "Something to catch so we won't have to go to school."

* * *

Miss Spink (to Clifford G., in physiology): "How would you ventilate a hat?"
C. G.: "Buy one with holes in it."

* * *

Miss Larsen (in Modern History): "Who's the King of Arabia?"
Clarence F.: "The Sheik."

* * *

Miss Larsen: "What's the trouble in Ireland?"
Wm. B.: "The potato crop."

* * *

Miss Hall (in reading themes in Ancient History): "The Athenian homes were mere wooden structures in which the husbands kept their wives, children and other valuables."

* * *

Miss Hall (in Ancient History): "Explain the process of the evening meal of the Athenians."
Opal B.: "They washed their feet."

* * *

Miss Hall (reading a story in Ancient History about the Grecian times when sun dials were in use): "They left at 11:00 P. M."
Emile: "How could they tell it was 11:00 at night by the sun dial?"

* * *

Miss Spink in physiology was giving reasons why one should breathe through the nose: Breathing through the mouth deforms the jaw-bone and makes—

"You snore," answered a bright student.

* * *

Debating (in Eng. 11): "Classmates, honorable judges and unworthy exponents."

Student (Biology): "Energesis is a cosmetic change."

SLOGANICAL FARCE ABOUT AUTO RIDE

It's a strange lane that has no turned off auto lights and this one was no exception. The car was gliding along with ALL THE SMOOTHNESS OF A LIGHT-SIX. It was winding in and out among the billboards of the VALLEY OF CONTENTED COWS. At the wheel was the boy, tall and slender and STRONG AS THE ROCK OF GIBRALTER, while, leaning lovingly against him with her hand on his collar, which HASN'T SCRATCHED YET, sat the girl, fair and delicate, BODY BY FISHER, no doubt.

He had been tailored at FASHION PARK and was now dressed in the STYLE THAT STAYS. She had that SCHOOLGIRL COMPLEXION, attained from long use of PALMOLIVE.

He looked down into her eyes—Oh! those eyes, those lips, that flaming hair—and murmured to himself, "THEY SATISFY."

"WHO WANTS TO BE A CANDY COLUMBUS, you?" he asked as he handed her a box of LOWNEY'S FINE CHOCOLATES.

"Oh! DON'T SHOUT," said she, "I HEAR YOU PERFECTLY. Here, won't you have some? THEY'LL DO YOU GOOD, DADDY." He accepted.

"Come on, move over, THE SEAT WON'T SAG NO MATTER HOW MUCH YOU WEIGH."

He had that SENSIBLE HABIT and they DROVE SNUG AND WARM, while he told her about his new radio that GETS ALL THE DIRT BY AIR ALONE.

He turned off the dash light for he had two weeks' beard which you know, is EASY TO CLEAN OFF but HARD TO WEAR OUT, so he didn't want to be in the limelight.

"WILL YOUR CAR DO THIS?" he asked at that moment when the car was engaged in climbing a dusky pine.

"Don't ask me—ASK THE MAN WHO OWNS ONE—I thought this was the CAR WITH A BACKBONE but it's cracked now," she answered pertly.

"It sure does look as if we'll have a BREAKFAST OF SMILES all right, we're thirty miles from home and up a tree," said he pathetically. "DO YOU CRAVE FOOD? This is going to be a TEST OF TIME."

"Is the car marred?" she asked. She evidently believed in SAVE THE SURFACE AND YOU SAVE ALL.

"ANOTHER S-NASH," muttered he, grinding his teeth, as they got out of the wrecked car.

"This sure is THE TIN YOU LOVE TO TOUCH," he said feelingly, as he rubbed his fingers over the hood of the automobile.

But CONFIDENCE MENDS EVERYTHING, and so they sat down on the running board while he began, "DJER-KISS?"

"ONE OF THE FIFTY-SEVEN VARIETIES?" she asked innocently.

Their lips met and she heard him murmur, "THE FLAVOR LASTS."

This is the FINISH THE WORLD HAS WAITED FOR.

—Milford Downie.

REAL GYM

Hurrah! for the snow. It has made Highway Two poor travelling, so now we are confined to the gym.

Everyone must know by this time that we are busy with our daily dozens. We have all, including the Assembly doors and windows, become jumping jacks.

There is no need of worrying about us entering the assembly from up above because the electric light wires and cobwebs will catch us.

This is just put in to relieve four heavily laden minds of "Those girls will come through the ceiling yet."

We won't!

Miss Larsen (in physiology): "What is the use of the cerebro-spinal fluid?"
Edna G.: "To keep the brain moist."

* * *

Miss Erstad teaches bookkeeping,
She always looks so sad,
For when she goes to check 'em up,
She finds they cannot add.

* * *

L. B. (in Physiology class): "I do not understand how blood clots."
H. S.: "Cut your finger and then you'll find out."

ENGLISH II DEBATING

Miss Schow's English II Classes are now holding a series of debates. On Thursday, November 13th the subjects, "One Session of School is Better Than Two," was debated upon. The judges of this rather lively debate gave the honors to the negative teams. It is hoped that this new work will bring about much interest and keen competition.

The subjects for the day following were: "Written Examinations Should Be Abolished," and "Monday is a Better School Holiday than Saturday." The opinion of the winning team of the former was that Oral Exams should take the place of the exams used at the present time. In the latter debate the victors are going to stand by the regular routine and keep Saturday as their holiday.

EXCHANGE

The Purple Parrot, Red Wing, Minn.—This school certainly shows ability at poetry-writing. The feature stories are exceptionally good and well worth reading.

* * *

The Cogwheel, Mechanic Arts High School, St. Paul, Minn.—This is a new paper on our exchange list and we hope to hear from them again.

* * *

The Comet's Tale, Little Falls, Minn.—This school has started their debating work, and expect to form a debating club later on.

We'd like to be in your shoes--with these new woolen hose

But we'll play fair with you by warning you not to come expecting to buy only one pair—for that would be like laying down a detective story just as the hero was in the clutches of the villain.

So many bewitching patterns you can't simmer your choice down to one—you'll want at least 2 pair—you're apt to make it 3—you'll wish you'd made it 4—you ought really to have 6!

Checks, stripes, clocks, triangles, and new fangles woven in colors that the peacock is ignorant of.

ARMISTICE DAY EXERCISES HELD

Armistice day—quiet, beautiful! the picturesque landscape with its faint covering of snow became still more enhanced when Old Glory with its grand colors appeared standing in our Main thoroughfares, its graceful folds swaying peacefully in the breeze. We trudged onward — at peace with the world, with nothing as yet to stir us from our humdrum routine of life.

While Miss Tornstrom was giving her inspiring speech to a very attentive assembly of students, Zephyo and Mother West Wind combined their forces, the result being tremendous. The wind began blowing (not gently), the snow began to fall or rather, the sleet came sliding down upon objects here below and by the time the temperature had fallen to zero the warriors of B. H. S., 450 strong, some in battle array and some decidedly not in battle array ventured forth into wintry tempests to do honor to that memorable day, Nov. 11, 1918.

Goliath ,Harry Lyddon) with two stalwart damsels by his side, "blazed the trail" and led the four powerful legions, the entire strength of which was three blocks or 200 cubits. This spectacle of an endless, streaming line of "school kids" seemed so to amaze the populace of the town that a huge multitude of a dozen inhabitants thought it worth their while to come forth from their comfortable abodes to view the array of hustling infantry.

Once duly started on their course, things began to happen. The wind was still blowing and of course it was still snowing when the fair co-eds began shrieking with horror at their straight, icy locks. If old Sol had been shinnig the fictional ivory domes could have been taken for sparkling diamonds. The gentle coat of snow that clung to their trim ankles became more gentle and melting as did the snow on the rest of their garments when they arrived at the New Park. Whew! what a day.

After these small trivialities everything was again serene on the Potomac. Despite the big journey of the morning we set out at noon for another battle with another ancient rival, Little Falls, on the fastest limited available and with blanched mieng watched the football score mount to an 0-0 score. Thus the end of a perfect day.

HOW TO AVOID BEING ON THE HONOR ROLL

One of the best ways to avoid being on the Honor Roll is to stand in the halls and talk until some teacher comes along and tells you that the bells have rung and you'd better be going into your assembly room. In case that you are in danger of having a place in the Honor Roll because of your great natural brilliancy, rushing late into classes tends to make you breathless and entirely innocent of any knowledge of the day's lesson.

The slow, regular movement of the jaws in chewing gum is very soothing or, quickened a little, will take one's mind off the lesson and keep it safely vacant. Therefore chewing gum in class is a very fine thing for those who wish to avoid being on the Honor Roll. Candy takes a little more attention, and is advised for people of more active minds.

Never pay attention in class. If an important subject is being discussed, pick up a pencil and become absorbed in it. Often the teacher will explain something in class which would add a great deal to your knowledge.

Always be talking to somebody in class. It helps you to forget your lesson and effectually prevents your hearing anything of what is going on in the room. Also, your talking has the same result on your neighbors.

When possible, study another subject in class because this insures a very confused impression of the lesson you are studying and allows no chance of hearing the present recitations and discussions. If the teacher calls on you suddenly, say that you didn't think you had that today. The teacher usually knows what has been assigned, and will at least consider you careless and neglectful of your work.

Never take books home as it gives an impression of industry, which is not at all to be desired. Be tardy in coming to school as this lowers your marks considerably.

Do not do any reviewing because it is possible to raise your grade quite a little by receiving good marks in exams. It also makes a good foundation for coming work. Read jokes in school a great deal. They are not educational and so, of course, cannot do any harm. They are a very easy and simple method of amusing yourself.

Do not find out what the assignment is until the last minute before class. There's seldom time to study it then. Put off work to be done outside of school until as late as possible. Then either forget it or copy someone else's.

These are tried and true methods to avoid being on the Honor Roll, as more than one can testify.

Who, What and Where

Brainerd and Little Falls battled to a scoreless tie last Tuesday in the last football game of the season. The details? Ask Wallace.

* * *

A Boys' Glee club was organized last Friday under the supervision and leadership of Miss Rickard. We also hear rumors about a Senior Boys' quartet, but particulars were unattainable.

* * *

The Girls' Basket ball squads are putting in a good amount of hard and consistent practice lately, making the most of their opportunities before the boys begin "having the gym all the time."

* * *

Not long ago Miss Tornstrom attempted to produce play-writers out of her English IV students and now she is producing amateur actors and actresses by enacting Shakespeare's Hamlet. "All visitors are welcome," says Iris.

* * *

Miss Flitch, Miss Eastman, and Mr. White, all former B. H. S. instructors, were seen at the M. E. A. convention. We wonder whether Mr. White misses his radio?

* * *

At the Sophomore meeting last week it was decided to have a party in unison with the Juniors. Iris speaks again, "Where in the world are we getting to? Just think of Sophomores having a party with the upper classmen!"

* * *

Lorraine and Sophie found this among our exchanges: "Now that election is over we hope that some of those rabid politicians around school will put their politics away in moth balls for another four years."

* * *

The B. H. S. Orchestra furnished the music at the recent naturalization of citizens in the Court House.

* * *

Ruth Perlman, exchange editor, was added to the group of Brainonian typists.

* * *

Miss Thomas' Eng. IV classes have been writing essays. If anyone thinks this an easy task, let them read Bacon's essay "Of Riches" or "Of Studies" and write one like it.

DRAMATIC CLUB MEETING

The Dramatic club, with Miss Larsen as advisor, held its first meeting, Thursday evening, November 13, in Miss Larsen's room. The following officers were elected:

President—Elizabeth Folsom.
Vice President—Lorraine Morrison
Secretary—Marguerite O'Brien.
Treasurer—Margaret Anderson.
Reporter—Ruth Perlman.

Every member either recited a poem or gave a reading. An entertainment committee was also chosen, which is as follows:

Lorraine Morrison—Chairman.
Ruth Perlman.
Bernice White.

Miss Larsen proposed that a Constitution be drawn up, and the officers of the club were chosen to do this. The meeting adjourned, to meet again three weeks from the present date, on account of Thanksgiving Day being on the regular meeting day, Thursday.

Mr. Cobb (after listening to the Girls' Glee club which sang a song for him): "Very good, girls, I could not have done any better myself."

DEEP MYSTERY SOLVED BY SHERLOCK HOLMES

Why is it that some of the students are so busy trying to find a certain book that comes in about the middle of every week? It can't be a text book because who ever heard of any student rushing around trying to find something to study? Perfectly ridiculous, isn't it? Tell us, is there anyone who can solve this mystery? This book is used to a great extent in the American and Modern History classes, we know, but what the mystery is—why is it such an interesting on this clue, who said that the solved.

The detective who has been working on thi sclue, who said that the book is used in both American and Modern History classes, has at last solved our mystery. He reports that this book is the Literary Digest and that it arrived on Wednesday of every week; also the most fathomless problem has been solved. Why are these magazines or books so popular? This Sherlock Holmes says that within the front and back cover lies the most interesting page entitled the "Spice of Life," which attracts the attention of the pupils. As long as this mystery has been solved, the teachers or the other pupils need not worry about this matter any more.

NEWS FOR THE ALMA MATER

Walter Cullen, '21, who is attending the St. Paul College of Law visited at his home last week. This is Walts' last year there.

Harry Wolvert, '21, is attending the St. Paul College of Law. He visited his home last week and also went deer hunting.

Gertrude McGarry, '21, is in training at the Eithel Hospital, Minneapolis.

Eugene Hitch, '24, has succeeded in passing his exams, so he will be allowed to stay at the University of Minnesota for the second half. Quite an accomplishment for Gene.

George Hagberg, '19, is practicing dentistry at Milwaukee, Wis. We hope there will be many more of us that will have the honor of having a "Dr." attached to our name.

Ione Johnson, '23, formerly of Brainerd is attending the University of Wisconsin.

Clifford Ebner, '19, is attending the St. Paul College of Law. No doubt Brainerd will have many prominent lawyers if they are all successful.

Kenneth Nicholson, '24, has passed all of his examinations at the University of Minnesota.

THE FRESHMEN RESPOND

We, the Freshmen Class, wish to take issue with that last week's article "Make Way! The Seniors Are Here," published by the Senior Class.

It would not take much space to make room for the Senior Class. According to the article the class consists of eight strong, Wally, Albert, Elizabeth, Harry, Lorraine, Cully, Irma, Martius, and—"IT."

We are perfectly willing to take our hats off to those mentioned by name but "Giminently" who it "IT?" Old Webster says "IT" is a NEUTER pronoun.

"It" boasts "Wordly Wisdom" because "It" goes to High School to improve our faculties. Our instructors are our faculties. Therefore, "It" goes to High School to improve our instructors.

Hail to the Sergeant of Arms, Owen Swanson, according to the article, the guardian and preserver of the dignity of the illustrious eight and "IT" of the Senior Class.

Owen cried in a loud voice, "'It,' where art thou?"

"In the Brainonian," hissed "IT."

JUNIOR CLASS MEETING

The Junior Class held a meeting on Monday night after school, the purpose of which was to discuss finances. It was suggested that we have a benefit movie, and a committee was appointed to take charge of it. It has not yet been decided what movie will be had, but leave it to the Juniors to make a big success of it, whatever it is!

A party was also planned for Friday evening, Nov. 21.

CITY TAX LEVY CUT 4½ MILLS

A Mill Means a Reduction of Approximately $3,000 in Taxes

GROSS EARNINGS TAX SAVIOR

Taxes Levied by City Are Only For Actual Necessities, Nothing for Improvements

The city's tax levy was cut four and one-half mills from last year's levy, at the regular meeting of the city council on Monday evening. The receipts of $10,000 from the gross earnings tax and the accumulation of a small surplus in several funds, is offered as the reason for the reduction in this tax levy. It was also stated that the tax levied is for actual necessities and allows nothing for anything in the nature of improvements.

The matter of the tax levy for the year was brought before the council in a motion made by Alderman Ritari, seconded by Alderman Wesley, that the park board tax levy be reduced one-half mill and that the library levy be set at one-half mill. This motion was amended by Aldermen R. H. Paine and Quanstrom to allow the library one mill. This amendment carried, those voting in its favor being Cain, Holmstrom, Michael, Peterson, R. H. Paine and Quanstrom; against, C. H. Paine, Ritari, Wesley and Witham.

A further amendment was offered by Aldermen Peterson and Cain to allow the park board three-quarters of a mill, but this amendment lost, those voting in its favor being Cain, Michael, Peterson and Quanstrom; against it, Holmstrom, C. H. Paine, R. H. Paine, Ritari, Wesley and Witham.

The original motion, to allow the park board one-half mill, and amended to give the library one mill, carried, those voting aye, Cain, Holmstrom, Michael, Peterson, R. H. Paine and Quanstrom; nays, Ritari, C. H. Paine, Wesley and Witham.

A motion was made by Alderman Ritari to strike out the levy for music, being the appropriation for the municipal band, but this motion was lost for want of a second.

Aldermen Holmstrom and Quanstrom offered a resolution to fix the tax levy for the current year at 22 mills which lost, those voting aye being Cain, Michael, Peterson, Quanstrom; nay, C. H. Paine, R. H. Paine, Ritari, Wesley, Holmstrom, Witham.

C. H. Paine and R. H. Paine offered a resolution setting the city's tax levy at 21½ mills. All members voted in favor of this resolution except Aldermen Ritari and Witham.

The city engineer presented the assessment rolls as follows: Paving assessments on North Fourth, North Sixth, South Fifth, South Seventh and South Eighth streets, the Pine street curbing, sidewalk assessments and for the sprinkling fund on Laurel, Front, South Fifth, South Sixth, South Seventh and South Eighth streets. On motion duly carried, these assessments were passed.

The city nurse's report on poor relief was read and ordered filed. Dr. A. K. Cohen appeared before the council and spoke on the condition of a Mr. Merrill, which matter was left with Alderman Witham, chairman of the poor committee.

The monthly report of the police department was received, read and ordered filed. This report will be published in the Dispatch.

Mrs. John Ross served a written notice on the council, claiming damages in the sum of $20 for injuries resulting when she sprained her leg in a hole in the boulevard adjoining the walk leading from the main sidewalk to the curb line at 203 North Fourth street. The matter was referred to the city attorney.

The chief of the fire department made a request for certain fire fighting articles recommended by the state fire inspection bureau, and on motion this was referred to the purchasing committee with instructions to purchase same.

On motion the clerk was instructed to write the Water and Light board, asking that a light pole be removed at the corner of Twelfth and Laurel streets.

Aderman Cain requested that the hose cart belonging to the Northeast Brainerd hose house be returned to that building because trains often block the downtown crossings, causing the fire truck to be delayed in running to a fire in Northeast Brainerd in which case the local hose cart could be used in that section of the city if it were in its own hose house. The cart is to be returned there at once.

It was voted to provide $10 each per month to an aged couple who is destitute and living in Southeast Brainerd provided the city nurse looks up this case and ascertains the true conditions.

Alderman Quanstrom requested that a committee be appointed to meet with the county commissioners in regard to the Lund road in Southeast Brainerd. The aldermen of the Fourth ward together with the city engineer were appointed on this committee and are to meet with the commissioners at their next meeting.

On motion carried the mushroom lights at the intersections of North Sixth and Laurel streets and South Seventh and Oak streets are to be removed for the winter to be replaced in the spring.

The matter of a sidewalk on the cemetery hill was discussed and the city engineer requested to bring in estimates of its cost at the next meeting of the council.

On motion of Aldermen Ritari and Peterson, the assistant city engineer and the helper's services are to be dispensed with at once.

A report was received from the Water and Light board for the month of October showing receipts, deposits and expenditures for that month. The total receipts shown were $10,555.93 and the total expenditures amounted to $14,998.34.

The property owners who have paid for a sewer installed in the alley between Quince and Rosewood streets in blocks 18 and 19, submitted a written objection to having any sewer connected with their sewer and the city clerk was instructed to write these property owners explaining that law governing such cases which allows the city to tap any sewer.

The bill of the Northern Home Furnishing Co. for supplies for the special election recently held, was referred to the city engineer and the bill of B. C. McNamara in the Lytle case was referred to Alderman Witham, as were also the bills of Northwestern hospital for Mrs. Anderson. All other bills were allowed subject to the aproval of the finance committee.

All members of the council were present at Monday evening's meeting.

ROTH AT UNIT OF MAPLE GROVE

County Agent Speaks on Farmers' Associations, Creamery, Livestock, Etc.

OFFICERS ARE RE-ELECTED

Roy Norton is Chairman, Henry Rau Secretary and Treasurer

The Farm Bureau unit of Maple Grove township held its regular meeting in the town hall on Saturday evening, with a full and very enthusiastic attendance.

County Agent E. G. Roth was present and gave an interesting talk on the various farmers' associations, creamery, livestock, poultry and eggs.

This was the annual meeting, and the officers of last year were re-elected, Roy Norton as chairman and Henry Rau secretary and treasurer.

The Maple Grove Farm Bureau unit plans to get some moving pictures of agriculture, to be shown at its meetings. These pictures will be of much interest to all members, who are looking forward to them with much anticipation.

The next regular meeting of this unit will be held on Saturday evening, Dec. 13th. A good program is being planed for this occasion, and it is hoped that all members will make an effort to be present. Visitors are always welcome and are urged to attend.

ELKS MEMORIAL SUNDAY, DEC. 7

Hon. J. J. Quigley, County Attorney, Stearns County, to Deliver Memorial Address

AT THE NTW PARK THEATRE

Five Elks Have Passed Over Divide, Dr. Courtney, C. E. Peabody, Frank C. Tyrell, C. O. Bloom A. L. Sheets

ELKS REVERED ON TABLETS OF LOVE AND MEMORY HERE

These are the five Elks who have passed the Great Divide:

Dr. Walter Courtney.
C. E. Peabody.
Frank C. Tyrell.
C. O. Bloom.
A. L. Sheets.

Hon. J. J. Quigley of St. Cloud, county attorney of Stearns county, will deliver the Memorial Day address at the Brainerd lodge of Elks' memorial services in the New Park theatre, Sunday afternoon, Dec. 7th, at 3 o'clock. The speaker will be introduced by Walter F. Wieland, county attorney of Crow Wing county and a classmate in legal studies when both attended the University of Minnesota.

Mr. Quigley is a real orator, who like a newspaper man has studied humanity and gives many interesting sidelights.

In reviewing the deaths sustained by the lodge, the tribute to Dr. Walter Courtney will be delivered by Walter F. Wieland. The doctor was a charter member Aug. 23, 1900, and died on June 23, 1924.

C. E. Peabody was initiated Jan 3, 1902, and died Aug. 11, 1924. He was for many years a member of the sick committee of the lodge and also served as a trustee. His eulogy will be delivered by C. D. Johnson.

Frank C. Tyrell was born in Buffalo, Erie county, New York, on March 21, 1868. He was a theatrical manager and for a time managed the destinies of the little boxer, Johnny Tillman. He was initiated Aug. 7, 1913, and died Feb. 14, 1924, in Kansas City. His eulogy will be delivered by John A. Hoffbauer.

C. O. Bloom was born in Sweden on Nov. 4, 1895. He was a pipe fitter by trade. He was initiated May 20, 1920, and died Dec. 31, 1923. His eulogy will be delivered by J. J. Nolan.

A. L. Sheets was born in Long Prairie July 6, 1882. He was an editor by profession. He was initiated on Oct. 7, 1920, and died Oct. 11, 1924. His eulogy will be delivered by Hon. Edward P. Scallon of Crosby.

The memorial exercises are public. Everybody is cordially invited to attend. The services are memorial in nature, but not saddening. The Elks review the life work of their "absent brothers," they recount their good deeds and their lives are as inspiration to others.

Missionary Circle

The Missionary Circle of the First Baptist church will meet with Mrs. Henry Olson on Wednesday afternoon at three o'clock. Visitors are always welcome.

St. Paul's Guild

The St. Paul's Guild will hold a special meeting Wednesday afternoon at 2:30 o'clock at the home of Mrs. G. W. Chadbourne, 401 Kingwood street. A good attendance is desired.

BUS AND CAR COLLIDE

Duluth Bus and Ford Car Driven by Phillip Isle of Deerwood in Accident in City

A Ford touring car, driven by Phillip Isle, of Deerwood, and the Duluth bus collided at the corner of South Seventh and Maple streets, about 8 o'clock Tuesday morning.

It is said that the Ford was traveling north on Seventh street, and that the bus was going east on Maple, when the accident occurred.

No one was injured, but the Ford car was quite badly damaged. The front wheels were broken, the front axle badly twisted and the fenders bent.

IN MUNICIPAL COURT

Liquor Charges Engross the Attention of the Court This Morning

In municipal court Tuesday morning, Anton Gallus plead not guilty to a charge of drunkenness. He was given a trial and found guilty, being fined $10 or 10 days in jail.

Harold N. Eberhart was arraigned on a charge of intoxication. He plead not guilty but was found guilty upon being tried and fined $10 or 10 days in jail.

Mrs. J. V. Hackett was arraigned charged with being intoxicated. She plead not guilty, was given a trial and found guilty, being sentenced to pay a fine of $10 or serve 10 days in jail.

Myron Halsted, arraigned on a charge of selling intoxicating liquor, waived examination and was bound over to the present term of the district court, bonds being set at $300.

WINTER PROGRAM TO BE ARRANGED

House and Social Committee of Elks Planning Series of Entertainment

THURSDAY NIGHT GATHERING

It's So Important That Every Elk is Requested to be Present

At the Elks meeting Thursday evening, November 20, the house and social committee will serve a luncheon.

The memorial committee will make its report, having secured J. J. Quigley, county attorney of Stearns county, as the speaker.

The house and social committee is planning its winter program of entertainment, arranging for Thanksgiving day baskets.

The Thursday night meeting is a very important one and every Elk is earnestly requested to be present.

Birthday Club

The Birthday club of the Swedish Bethany church will meet Wednesday afternoon at the home of Mrs. Frank Anderson, 1115 Pine street Southeast.

Bethlehem Evangelical Aid

The ladies aid society of the Bethlehem Evangelical church, corner Main and Bluff, will meet Wednesday afternoon, at 2:30 o'clock in the basement of the church. All members are urged to be present as business of importance will be transacted.

Final arrangements will be made for the big sauer kraut supper which will be given by the aid next Saturday evening. All committees should attend. A cordial invitation is extended to the friends of the church. Mrs. F. G. Drieling will entertain.

POWER COMPANY OPENS LINE LITTLE FALLS TO DULUTH

The Minnesota Power and Light company has opened its line between Riverton and Nashwauk. With the opening of this section the company's system is in operation from this city to Duluth.

For Three Women

Fur Coat Bargains

Japanese Mink, Hudson Seal, Australian Seal

We have just three fur coats to sell and we are then through with the fur coat business.

These are made by one of America's most reliable fur coat manufacturers. They are not the cheap qualities.

If you want a real fur coat bargain let us show you these fur coats. But, come at once, these new prices will soon sell them.

CITY TAX LEVY CUT 4½ MILLS

A Mill Means a Reduction of Approximately $3,000 in Taxes

GROSS EARNINGS TAX SAVIOR

Taxes Levied by City Are Only For Actual Necessities, Nothing for Improvements

The city's tax levy was cut four and one-half mills from last year's levy, at the regular meeting of the city council on Monday evening. The receipts of $10,000 from the gross earnings tax and the accumulation of a small surplus in several funds, is offered as the reason for the reduction in this tax levy. It was also stated that the tax levied is for actual necessities and allows nothing for anything in the nature of improvements.

The matter of the tax levy for the year was brought before the council in a motion made by Alderman Ritari, seconded by Alderman Wesley, that the park board tax levy be reduced one-half mill and that the library levy be set at one-half mill. This motion was amended by Aldermen R. H. Paine and Quanstrom to allow the library one mill. This amendment carried, those voting in its favor being Cain, Holmstrom, Michael, Peterson, R. H. Paine and Quanstrom; against, C. H. Paine, Ritari, Wesley and Witham.

A further amendment was offered by Aldermen Peterson and Cain to allow the park board three-quarters of a mill, but this amendment lost, those voting in its favor being Cain, Michael, Peterson and Quanstrom; against it, Holmstrom, C. H. Paine, R. H. Paine, Ritari, Wesley and Witham.

The original motion, to allow the park board one-half mill, and amended to give the library one mill, carried, those voting aye, Cain, Holmstrom, Michael, Peterson, R. H. Paine and Quanstrom; nays, Ritari, C. H. Paine, Wesley and Witham.

A motion was made by Alderman Ritari to strike out the levy for music, being the appropriation for the municipal band, but this motion was lost for want of a second.

Aldermen Holmstrom and Quanstrom offered a resolution to fix the tax levy for the current year at 22 mills which lost, those voting aye being Cain, Michael, Peterson, Quanstrom; nay, C. H. Paine, R. H. Paine, Ritari, Wesley, Holmstrom, Witham.

C. H. Paine and R. H. Paine offered a resolution setting the city's tax levy at 21½ mills. All members voted in favor of this resolution except Aldermen Ritari and Witham.

The city engineer presented the assessment rolls as follows: Paving assessments on North Fourth, North Sixth, South Fifth, South Seventh and South Eighth streets, the Pine street curbing, sidewalk assessments and for the sprinkling fund on Laurel, Front, South Fifth, South Sixth, South Seventh and South Eighth streets. On motion duly carried, these assessments were passed.

The city nurse's report on poor relief was read and ordered filed. Dr. A. K. Cohen appeared before the council and spoke on the condition of a Mr. Merrill, which matter was left with Alderman Witham, chairman of the poor committee.

The monthly report of the police department was received, read and ordered filed. This report will be published in the Dispatch.

Mrs. John Ross served a written notice on the council, claiming damages in the sum of $20 for injuries resulting when she sprained her leg in a hole in the boulevard adjoining the walk leading from the main sidewalk to the curb line at 203 North Fourth street. The matter was referred to the city attorney.

The chief of the fire department made a request for certain fire fighting articles recommended by the state fire inspection bureau, and on motion this was referred to the purchasing committee with instructions to purchase same.

On motion the clerk was instructed to write the Water and Light board, asking that a light pole be removed at the corner of Twelfth and Laurel streets.

Aderman Cain requested that the hose cart belonging to the Northeast Brainerd hose house be returned to that building because trains often block the downtown crossings, causing the fire truck to be delayed in running to a fire in Northeast Brainerd in which case the local hose cart could be used in that section of the city if it were in its own hose house. The cart is to be returned there at once.

It was voted to provide $10 each per month to an aged couple who is destitute and living in Southeast Brainerd provided the city nurse looks up this case and ascertains the true conditions.

Alderman Quanstrom requested that a committee be appointed to meet with the county commissioners in regard to the Lund road in Southeast Brainerd. The aldermen of the Fourth ward together with the city engineer were appointed on this committee and are to meet with the commissioners at their next meeting.

On motion carried the mushroom lights at the intersections of North Sixth and Laurel streets and South Seventh and Oak streets are to be removed for the winter to be replaced in the spring.

The matter of a sidewalk on the cemetery hill was discussed and the city engineer requested to bring in estimates of its cost at the next meeting of the council.

On motion of Aldermen Ritari and Peterson, the assistant city engineer and the helper's services are to be dispensed with at once.

A report was received from the Water and Light board for the month of October showing receipts, deposits and expenditures for that month. The total receipts shown were $10,555.93 and the total expenditures amounted to $14,998.34.

The property owners who have paid for a sewer installed in the alley between Quince and Rosewood streets in blocks 18 and 19, submitted a written objection to having any sewer connected with their sewer and the city clerk was instructed to write these property owners explaining that law governing such cases which allows the city to tap any sewer.

The bill of the Northern Home Furnishing Co. for supplies for the special election recently held, was referred to the city engineer and the bill of B. C. McNamara in the Lytle case was referred to Alderman Witham, as were also the bills of Northwestern hospital for Mrs. Anderson. All other bills were allowed subject to the aproval of the finance committee.

MANY NEW EAST-WEST GAMES ON TAP

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Nov. 18.—Many new intersectional features are being planned for next year's football schedule. Some of the longest established rivalries may be abolished to make room for games between Eastern and Middlewestern teams, while the Southern invasion of the Northern and Eastern terrains may be more comprehensive than ever.

The intersectional idea of competition, as has been pointed out before, not only was responsible for the great growth of public interest in football, but it resulted in great good for football by spreading smart football all over the country from the East where once it was almost a local game.

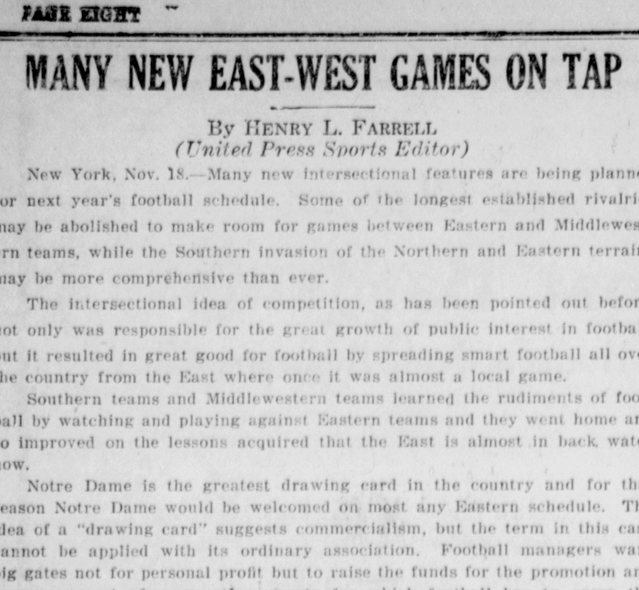

Southern teams and Middlewestern teams learned the rudiments of football by watching and playing against Eastern teams and they went home and so improved on the lessons acquired that the East is almost in back water now.

Notre Dame is the greatest drawing card in the country and for that reason Notre Dame would be welcomed on most any Eastern schedule. The idea of a "drawing card" suggests commercialism, but the term in this case cannot be applied with its ordinary association. Football managers want big gates not for personal profit but to raise the funds for the promotion and encouragement of many other sports for which football has to carry the financial load and furnish the money.

It seems quite certain that Notre Dame will be on the Pennsylvania schedule next year because Pennsylvania is willing to play in South Bend in 1926 and Knute Rockne, the guiding genius of Notre Dame football, wants home-and-home arrangements in the future.

Princeton may not be able to take a Notre Dame game next year and it is doubtful if Rockne could find a place on the schedule for Princeton if the Pennsylvania game is scheduled. Princeton would like to arrange a game wth Dartmouth and that would make it necessary for Princeton to take Notre Dame too early in the season for Princeton's comfort or too close to the "Big Three" games for good judgment.

Notre Dame has been able to arrange three Eastern games in the past few years because Carnegie Tech was willing to take a date at the tail-end of the schedule. Princeton wouldn't take a date after her two "Big Three" games, and the peculiar arrangement of the "Big Three" schedule always forces Princeton to end the season a week before Harvard and Yale.

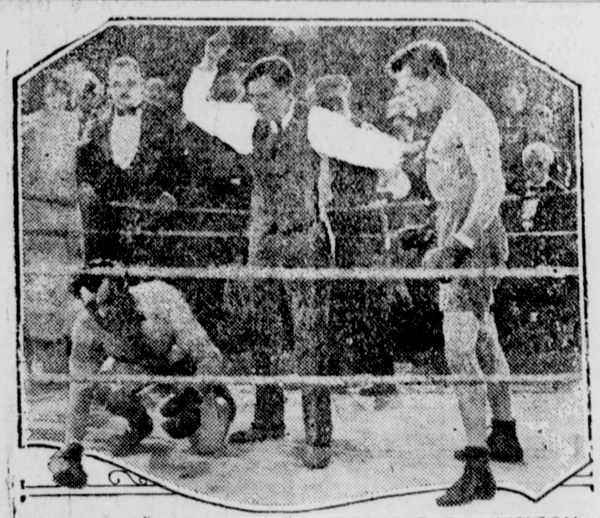

Milton Sills and Enid Bennett in "The Sea Hawk"

"The Sea Hawk" Makes Big Hit

"The Sea Hawk" sailed out upon the scren at the New Park theatre Monday night, trained his big guns on the audience and fired a broadside which is echoing today in every corner of the city. The broadside was one of the most brilliant dramatic photoplays which have graced the silver sheet in months.

"The Sea Hawk," which will be shown at the New Park tonight and Wednesday, is Frank Lloyd's picture version of Sabatini's colorful epic which is released by First National. It is a great story, has an exceptional cast and possesses every element of really great entertainment.

"High Speed" With Rawlinson Promises Thrills and Laughs, Tonight and Wednesday at Lyceum theatre

A GRIST OF FACTS ABOUT THE STADIUM

Don't try to count the people at a football game in the Minnesota stadium. It isn't necessary. If all the seats are full, there will be 50,800 persons witnessing the game. They will come through 36 ticket entrances up the ramps through 30 entrances to the inside of the structure, and seat themselves in 30 separate sections of reinforced concrete. Two hundred and eighty Boy Scout ushers, in addition to the head ushers will direct the crowd to their proper seats. When the game is over, the stadium will be empty in seven minutes, and the crowds will reach the streets directly from their seats without having to use a single stairway. This is a significant feature of the Memorial Stadium, since the Yale Bowl is the only other similar structure in the country which has no stairways. The congestion is all a half a block from the stadium, where the neighboring streets are unable to swallow the multitude.

Seven and a half acres are covered by the stadium, together with the playing field, and the distance around the outside of the brick wall is 1600 feet, which is nearly a third of a mile. The length of the stadium is 645 feet, and its outside width 546 feet, or over half the width of the Mississippi river gulch at the Washington avenue bridge.

The seat nearest the center of the field is 135 feet from that point, and it is 55 feet from the sidelines to the nearest seat. The man who sits in the seat which is farthest from the center of the field is less fortunate, for the top seat at the curved portion of the stadium is 415 feet from the 50-yard line, and it is 54 feet above the outside ground level.

The towers are 60 feet high.

Two hundred and forty-one days before the dedication game last Saturday the contract of the Memorial stadium was awarded. It was on March 4th, and two days later the first ground was broken. On October 4th after an elapse of seven months, the Maroon and Gold played their first game within its walls against the North Dakota eleven, and at this time there were 15,000 seats finished.

The 1183 cubic yards of concrete which constitutes the principal part of the stadium is strengthened by 520 tons of reinforcing steel.

The 20,000 barrels of cement used in the construction is equivalent to 80,000 sacks. Eight thousand yards of sand and 9,000 yards of gravel were shoveled into the mixers.

In order to make the stadium harmonize with other campus buildings, it was necessary to face it with brick, and the equivalent of over 2,000,000 common bricks was used.

'RED' GRANGE STILL LEADS IN SCORING

"Red" Grange had tough going at Minnesota Saturday, but the one touchdown he got kept him ahead in the scoring race, and incidentally enabled him to pass his mark of 12 touchdowns of last year.

Rockwell picked up nine points, a net gain of three on Grange, to hold second place.

Crowley of Notre Dame, who got 10 points, pushed Baker out of third position, for though the Purple star gained a lot of ground against Chicago, he failed to do any scoring.

Britton, adding one point after Grange's touchdown, is still the leading scorer of extra points, having 19 to 12 made by Sloate of Indiana.
